Archives I—S,806—24-2-78.

Read the following:—

No. 1.

No. 249.

Note by the Chief

The District Engineer, Cuddapah, 1

No. 1,371, dated 25th September 1876.

2. The nature of the work proposed which it is chargeable are as follow:—

ORDINARY AND  
Original

CULTURAL.  
Works.

Extending and improving two weirs  
Improving revetment including backi

|                           | RS.   |
|---------------------------|-------|
| ...                       | 535   |
| ...                       | 933   |
| Total, Original Works ... | 1,468 |

Repairing the bund and Irrigation s

|           |       |
|-----------|-------|
| ...       | 382   |
| Total ... | 1,850 |

3. The following particulars of th

are recorded:—

Ayacut area ...  
Assessment ...  
Average revenue ...  
Highest do. ...  
Expenditure during

|     | Acres | Rupees | NZ. |
|-----|-------|--------|-----|
| ... | 124   | 592    |     |
| ... |       | 510    |     |
| ... |       | 548    |     |

The area of the catchment is calculated at 2,916 cubic feet. There are two escapes, the total length proposed to extend both weirs, on the other at the east end to 85 feet available for the surplus discharge.

The bund is out of order and needs repairs; the revetment needs rebuilding; the sluice also is out of order.

The estimate provides for raising a where necessary, and raising it with new level of the weir crest, gravelling the top improving the two weirs.

This tank lies above the line of The estimate is recommended.

FORT ST. GEORGE,  
5th December 1876.

(Sig

To the Secretary to Government, Public Works

square miles; the maximum flood supply or discharging which as surplus there feet, which being insufficient it is proposed of the bund to 125 feet in length, and making an aggregate length of 210 feet

repairs, that is raising and strengthening and raising with new stone. The

ing the bund, repacking the revetment a uniform height of 3½ feet above the bund, repairing the Irrigation sluice, and

surpluses into the Ootakoor tank.

DE C. SCOTT, Major, R.E.,  
Dy. Chief Engineer for Irrigation,  
for Chief Engineer for Irrigation.

Proceedings of the Madras Government, Public Works Department,  
11th December 1876. No. 3,363.

No. 250. ORDER THREEON, 11th December 1876, No. 3,363.

IRRIGATION, No. 25-A.  
Account.

The following estimate from the Sidhout  
range, forwarded by the District Engineer,  
Cuddapah, is sanctioned:—

BOOCHIRAJOO TANK.

Irrigation.

| Group or Project. | Fund.                       | Class.                                | Name of Tank, Canal,<br>or Channel. | Particulars of Work.                                                                                                | Amount.                  |
