GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

6th August 1877, No. 2,455.

Read the following papers:—

- No. 71. Endorsement of the Chief Secretary to Government, dated Fort St. George, 16th June 1877, No. 1,270.

Read the following letter from LINGAM LAKSHMAJI PANDIT, proprietor of an Inam at Konada, Vizagapatam District, to the Hon. D. F. CARMICHAEL, Chief Secretary to Government, Fort St. George, dated 10th June 1877:—

I AM proprietor of an Inam land at Konada. The present Acting Salt Deputy Collector has, from personal reasons, proposed that a piece of my Inam should be taken up for extending the present salt-pans at Konada. I have pointed to the Salt Deputy Collector and to Mr. Goodrich, the Acting Collector, that to the east and west of the existing pans there is an extensive plot of ground adapted to the manufacture of salt, which the owners are willing to part with for a proper consideration. Notwithstanding the Collector insists on my giving up my Inam for Rs. 850, although its real value is not less than Rs. 1,200.

2. I have in vain requested the Acting Collector to have the other available piece of land examined by a professional gentleman, intimating to him at the same time that in the event of its being proved, after professional examination, unadapted to salt manufacture, I shall be prepared to part with mine for a fair consideration.

3. The taking up of the proposed piece of Inam will make remainder of it and the large tank constructed to irrigate the Inam useless, and in addition it will be attended with public inconvenience, inasmuch as, if my Inam is taken up, the present road leading to Kuppili will also have to be taken up.

4. I am informed that the Acting Collector has, through the Board of Revenue, applied to the Government for orders to apply the Land Acquisition Act X of 1870 to my Inam.

5. As there is another extensive plot of ground in every way adapted to the manufacture of salt, which can be taken up without inconvenience to anybody, I most respectfully beg that Government may kindly be pleased to order that a professional gentleman may be deputed to examine the available plot before taking steps to occupy mine, as if after examination it is found not adapted to the manufacture, I shall be prepared to part with mine for a fair consideration.

TRANSFERRED to the Revenue Department.

Chief Secretary.

No. 72. Proceedings of the Board of Revenue, dated 16th June 1877.

Read the following letter from H. Sr. A. GOODRICH, Esq., Acting Collector of Vizagapatam, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 4th June 1877, No. 558.

THE Government, in their Order, No. 1,216, dated 24th March 1877, sanctioned the extension of salt-pans at Konada, and a sum of Rs. 7,000 was provided in the Petty Construction and Repairs Budget for 1876-77. The pans can be extended only towards north and south and not towards east or west, as the land is not at all suitable for salt-pans. The idea of extending the pans towards the south was abandoned on account of its close proximity to the village of Konada and of the situation of the travellers' bungalow and military encamping ground between the present pans and the village, and on account of the heavy amount of compensation that will have to be paid to the Inamdars for the value of their Inams.

2. The only course left therefore is to extend the pans towards the north. All the Inamdars, except Lingam Lakshmajji Pantulu, agreed to give up their lands on receipt of fair compensation. Lakshmajji Pantulu refuses to give up a portion of his Inam land required, although a fair amount of compensation was offered to him. The extent of his land required is cultivated 5 acres and 23 kuntas wet, assessed at Rs. 33-7-2, and uncultivated 3 acres and 17½ kuntas, assessed at Rs. 9-0-10, and the amount of compensation offered is Rs. 850. He argues that by giving up the portion of his Inam land the value of the other portion will be deteriorated, and refuses to give up the land unless taken up under the Land Acquisition Act. I have, therefore, the honor to forward herewith a draft notification for approval and submission to Government for publication in the *Fort St. George Gazette*, and request that early orders may be issued to acquire the land under Act X of 1870.

3. The only other land available is to the east of the present pans. It is sea sand and very unfit for the purpose. Lakshmajji's land is black clay and very suitable. I have twice inspected the whole of the ground.

SUBMITTED to Government with the request that the land may be taken up under the Act.

This is more than the total amount entered in the Estimate & the same letter shows that there are other individuals who agreed to give up their lands on receipt of fair compensation the amount of which however

is not mentioned

It is clear from the collector's letter

that this is the only suitable site.
