Famine Relief.

Read the following paper:—

No. 103. Proceedings of the Board of Revenue, dated 5th July 1877, No. 3,146.

Read the following letter from Captain A. AWDRY, R.E., Acting District Engineer, Coimbatore, to the Collector of Coimbatore, dated 13th June 1877, No. 20-C-I:—

Mr. Cook having asked me for considerable additional work in the Oodoomulpetta and Pollachy taluqs, I had the honor to suggest to you, demi-officially, that he should undertake to put all the roads for which I have maintenance allotments into thoroughly good order throughout their entire lengths, and you have been so good as to approve of this demi-officially.

2. I shall instruct my Taluq Overseers to consider themselves as under Mr. Cook's orders in connection with these roadworks, and to supervise the works, submitting nominal rolls for payment and measurements of work done to Mr. Cook.

3. These roads being in no part properly made as yet, and for the most part requiring thorough metalling and gravelling, the work will, if well carried out, be of extreme utility to the district.

4. I shall stop all expenditure from the maintenance grants on these roads.

5. I have the honor to submit estimates of the probable cost of the work after deducting previous sanctions for your approval and sanction.

6. As all my road maistries on these roads will be thrown out of employment, I have the honor to request that Mr. Cook may be instructed to give them employment in the supervision of the famine coolies.

Mr. Cook carries out
 road work cheaply &
 well, & the Dist. Engr.
 of Crimbatore is therefore
 ready to entrust the
 charge of all the road
 repairs in the District
 of Panna & Polachi
 Taluqs for which there
 are allotments, to
 that Officer. The
 repairs, however, which
 Capt. Andry suggests
 should be done by Mr. Cook
 are estimated to cost
 Rs. 1320 a mile - which

I think too

I see nothing to
 the plan to management
 of maintenance
 allotments - but I
 think, in general, that
 might be better
 which to employ Mr. Cook
 I am, therefore

Yours truly

Have provided in this
Budget for the current
year with maintenance
parts. of the total
of the estimate (\$356,000)
this allotment comes
about \$300,000 only.
The House is much
inclined to refuse to
pass the
estimate.

The House is
quite averse to passing
them, & crediting the
L.F. allotments to
Provincial Services.

I try to point out
that there is some
reason for going
to sanction the
expenditure of the
L.F. allotments
now. as that was
done when the
Budget was passed.
The question is whether
they will sanction

I do sanction as
work is irregularly
done. The L.F.
provision for main
(\$30,000) being
credited to Provincial
appt. to L.F. Dept.
of \$10,35,000. It
will be debited to
Prov. for the
sanctioning.

a lakh of rupees for

If they sanction them,
then as suggested by Mr.
Henderson the L.F.
allotments should be credited
to Provincial - Communi-
cations.

order accordingly.

P.S. I may add that if
the estimates are not
passed the L.F. allotments
will not be affected in any
way.
