GOVERNMENT OF MADRAS.  
REVENUE DEPARTMENT.

7th August 1877, No. 2,464.  
Famine Relief.

Read the following paper :—

No. 107. From J. GROSE, Esq., Collector of Nellore, to J. H. GARSTIN, Esq.,  
Additional Secretary to Government, Revenue Department, Fort St.  
George, dated 1st August 1877, No. 3,789.

With reference to my letter, No. 3,366, dated 13th ultimo, I have the honor to submit that I am informed by the District Engineer that 30,000 of the Canal coolies will be dismissed in a fortnight and another 10,000 by the end of the month, and that these 40,000 men, with their families, will make up 80,000 coolies when they come to my relief-works.

2. The number which I am employing now is 20,531, and the works which I contemplate and the supervision at my disposal will hardly suffice for 20,000 more.

3. Moreover, I am informed that the state of the season in Cuddapah and Bellary is such that coolies are again beginning to come voluntarily from those districts.

4. With regard to the Sangam Project, I may mention that I find it will be necessary for me to get more information as to the land which will be commanded by the projected works before I can answer the inquiries of Government.

No. 108. ORDER THEREON 7th August 1877, No. 2,464.

Miscellaneous.

THE orders issued in the Public Works Department for completing the East-Coast Canal works will retain

a large body of men on them for some time longer. Moreover, extensive works are projected in the Kistna Delta which will also probably absorb large numbers.

2. The Collector should put himself in communication with the Collector of Kistna and Major Hasted on the subject, and will be furnished with copies of the Public Works Department orders above alluded to.

(True Extract.)
