No. 1,684.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th April 1877.

It has been brought to the Board's notice that difficulty has been found in carrying out clause iii, paragraph 3, of Board's Proceedings, dated 13th March 1877, No. 1,150, which prescribes the maintenance of a special ledger of works (Form 4) in which the outlay on each work is to be posted. It is considered in some places that the order requires that, as regards past expenditure, the outlay on each work daily should be written up.

2. This is not at all necessary. It will suffice if the total outlay in cash and grain on each work up to the time of opening the ledger is ascertained and entered once for all in the lump. The cash outlay will have already been ascertained and audited for the abstract bills to be prepared under the Accountant-General's Circular, dated 15th March 1877, No. 13,599; and accounts of the grain expenditure should be forthcoming. It will suffice if these are scrutinized and audited as prescribed, and the total quantity expended to the date of opening the ledger entered in it, together with the total sums in cash entered as expended on the work in the statement of particulars which is to accompany the monthly abstract bills for the Accountant-General.

3. The rule that the expenditure of each work should be entered as reported or accounted for from time to time was intended to have prospective operation only.
