No. 301. Proceedings of the Madras Government in the Financial Department, dated 2nd February 1877, No. 368.

His Grace the Governor in Council resolves to assign a sum of Rupees (14,48,600) fourteen lacs forty-eight thousand and six hundred from Provincial Funds for expenditure on Public Works in 1877-78.

2. Of this Rupees 20,000 will be given in the form of the usual grant to the Chetterpore Circle as compensation for the enhanced price of salt, and will be distributed as under :—

	Rs.
For Works	16,000
For Establishment	4,000
	20,000

The amount to be placed at the disposal of the Public Works Department will then be Rupees 14,28,600.

3. As Provincial Funds have to bear the balance of the cost of the Public Works Establishment, after debits have been made to Imperial and Local Funds at a fixed percentage on the expenditure on works, the charge is a difficult one to estimate with any degree of certainty, but the Government consider that not less than Rupees 5,50,000 should be provided, this having been, in round numbers, the charge for 1875-76, inclusive of a grant of Rupees 3,00,000, to Local Funds. For 1877-78 Rupees 4,000 only are assigned as a grant to Local Funds on account of Establishment, and consequently Rupees 5,46,000 must be provided on that account in the Provincial Public Works Budget, leaving Rupees 8,82,600 for expenditure on works.

4. In the event of it being found possible hereafter to assign any further amount to Local Funds as a grant for works, the debit to those Funds on account of Establishment will be increased by 25 per cent. on that amount, and the direct debit to

Provincial Funds reduced by a similar sum, which will consequently be resumed by the Financial Department for assignment tothe local bodies in question, along with the grant for works.
