Proceedings of the Board of
Revenue
Dated 28th April 1877

Read the following No. 262

From

W. G. Whiteside Esquire

To

Collector of North Arcot.

G. E. Stokes Esquire

Secretary to the

Board of Revenue
Madras

Sir,

I have the honor to
forward herewith for the
sanction of the Board of Revenue
an estimate amounting to
Rupees 6332 for the complete re-
construction of the road leading
from Arcot to Arapakur on the
Vellore

Vellore road, a distance of 8 miles.

2. This road is one on which there is an enormous amount of traffic, and it needs constant repair. It suffered much in some places in the great flood of the Palar that swept away the Vellore Bridge and Palar accident, and but little could be done to restore it owing to the crippled state of the Local Funds.

3. The enclosed estimate has been prepared carefully by Mr. Vincent the Vellore Range Officer. I can certify to the great

great need of the repair to the road, which has, during the long continued period of drought, gradually gone from bad to worse and now the whole surface of the road has in many places been cut completely through into the softer soil below. I therefore strongly recommend its execution from Famine Funds as the work will afford immediate employment for a large number of poor people who now want work. I need hardly remind the Board that, as the season advances

advances, and the 2nd crops
have been taken off the land,
there is weekly an increasing
number of people who are
anxious for state labor, and
who are deserving of such

employment.

The estimate is sanctioned.

2. The work appears from the
last relief report to have been
already put in hand which is
contrary to orders. The fact should
have been mentioned by the
collector

3. The

3. The outlay on the work
will eventually be recoverable
from local funds. The road
has a maintenance grant of Rs 700
per annum which will doubtless
not be required in 1877-8. The
Collector will report whether
this allotment should not be
cancelled.
