No. 417-A. Proceedings of the Board of Revenue, dated 17th August 1877. 1-2
Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Palmanair, 7th August 1877, No. 484.

2599A
In their Proceedings, No. 3,106, dated 2nd ultimo, the Board of Revenue sanctioned the supplemental estimate of Rs. 1,805 for the collection of materials along the fifth to ten and a quarter miles of the road from Coopum to Venkatagherikotta. The Sub-Collector Mr. Austin has since informed me that the above estimate was prepared at the ordinary Public Works Department rates, and as the work is to be performed by relief coolies who work at every possible disadvantage the sum of Rs. 1,805 above referred to should be doubled. I have the honor to enclose herein accordingly a revised abstract estimate received from that officer, and request that early sanction may be granted to the additional amount of Rs. 1,805 now required. In anticipation of sanction, I have placed Rs. 1,000 at the disposal of the Sub-Collector for continuing the work without delay.

2. As much time would be lost in forwarding the above small abstract estimate to the District Engineer for his countersignature, and it is necessary that no delay should be obtained in the Board's sanction, I have abstained from adopting that course in the present case.

THE estimate is sanctioned, but the rate is excessive. In Coimbatore metal is being collected and stored at eight annas a cubic yard.

2. There is a mistake in the estimate which should not have escaped notice; contingencies being entered at ten per cent., but calculated at five per cent.

Miscellaneous.

THE rates for work done in North Arcot are high. The proper tasking and supervision of the coolies should be carefully watched.
