Batta to certain servants in
Bellary District

In
Grace the Governor's order, a
copy of the Accountant General's
objection statement has been
obtained, and is herewith cir-
culated.

In doing so, the undersig-
ned has the honor to state that
there are, under present orders,
two different kinds of Batta
payable to servants on the
permanent establishment in
Bellary. The 1st is payable under
GO 5th Jan^y 18th 1871, Financial De-
part. The 2nd is payable under
GO 17th March 1871, Financial De-
part. The 1st is a permanent addition to
the pay of all servants draw-
ing less than Rs 100 per m^o, fixed
with reference to the price

f

of grain being ^{Rupers 1/2 or} ~~Rupers 1/2 or~~
^{Rupers 1/2 or} ~~Rupers 1/2 or~~
Rupers. No 2 is a travelling
allowance payable only to those
who travel and whose pay is
less than 25 Rupers, and the
indulgence consists in that
they are at
double the rates fixed for
their travelling allowances in
ordinary times. These orders
apply only to the permanent
establishment.

The present question affects
only temporary establishments.
The case with regard to them
stands thus:—In G.O. 27th Febry
1837, Batta of the 1st kind
above alluded to was disallow-
ed to temporary establishments
not entertained before 1st Nov 1836.
In 1829/30,
on a reference previously analogous
to the present one, the grant of
this sort of Batta was again dis-
allowed. The present reference
arises because the temporary

Batta.

The present question
affects only temporary
establishments.

Deputy Collector of Amantapur
in holding, whose establishment is a tem-
porary one, under G.O. 3rd March
1823 A, is permitted
them to draw this Batta, and
the Accountant General of
course disallowed it with refer-
ence to the 1st order above quoted.
G.O. 27th Febry. 1877, 1883. Should
the Government resolve to allow
it in this case, and consequently
generally throughout the Presidency,
the resulting expense may be
roughly estimated at 2500 Rupees
a month.

As to the 2nd kind of Batta,
or more properly speaking travel-
ling allowance, the same Deputy
Collector has raised the question
of its admissibility, and it has
been laid before the Board. By the Board it is
payable to
all servants (i.e. of course tem-
porary or otherwise) whose pro-
ceedings have been approved by
a G.O. passed but which the
undersigned has ventured to

return and recirculate, as it seems on further examination that the question should be reconsidered and that ^{orders relating to these extra allowances} ~~the same~~ should not be ^{considered} ~~disposed of~~ ^{as a} ~~piece~~ ^{of} ~~work~~.

The principle of drawing double travelling batta applies to the permanent establishments only, viz. Cuddalore and Kurnool. The expense resulting from extending the indulgence to the temporary establishments is as shown below.

District	Nature of work on which servants employed.	No. of servants.	Double rate of pay.	Ordinary rate of pay.	No. of days for which drawn.	Amount to be paid therefor monthly.

	Village Relief	11	21	8.0	25	138
						24,077 Rs.

This estimate is prepared on the latest figures.

figures. It includes the officers of the superior grade i.e. those drawing more than 60 Rs a month; they come under different rules.

It has been ascertained that ~~the same~~ ^{the lower grade} do not now as a fact draw any travelling batta.

With regard to many of the members of these establishments it should be remembered that they have been granted horse allowance, that they all have hitherto gone on very well without the proposed indulgence, and that the resulting change is enormous, for if granted to one of the Ceded Districts, it must be extended to all.

It may be pleaded that the rates of pay for the temporary establishments were fixed on the basis of those of the permanent establishments, and this is quite true, but invariably, in

every case I have seen. But

in all instances where for the regular establishments several rates of pay prevail a rate higher than would be given were the appointment permanent was taken. For instance the pay of Subordi Peons is 6 Rupees. That of deponents serving under the higher Revenue officers 7 Rs and 8 Rs. at Salorki Peon is detached for duty under a Revenue Inspector in ordinary times but the temporarily entertained Peon for service under Revenue Inspectors get in nearly every instance 7 Rs. The same is observed in the Revenue Inspector - the ordinary grades are 1st 30 Rs. 2nd 25. 3rd 20. The temporarily entertained officers get 25 Rs. These of course among servants whose pay was not so fixed the class to which they belong getting in every instance but one rate of pay.

Orders are requested therefore 1st whether the temporarily establishments

SIR,

The Secretary to the
Board of Revenue

The Government, in their order
No 1130 dated 17th March last, communicating
by the Board in their No 4815, were pleased
to sanction the payment of double wages to
servants in the Revenue Department,
drawing less than Rupees 25, when they travel.

2. In my letter No 100, dated 25th
February last, I had stated that as an
increase of pay at Rs 2 to servants whose
pay did not exceed Rs 10, and an extra
allowance of Rs 1-8-0 to servants whose
pay

pay^{ment} ranged from Rs 10 to 16 had been allowed, and that no such indulgence was shown to other servants, double rate of batta might be allowed to them.

3. In the order of Government above quoted, sanction was granted without making a distinction between servants who were in the receipt of the extra allowance of Rs 2 and Rs 1-8-0. However when issuing instructions regarding the payment of double batta I directed that the double rate should be given to those who had not been allowed the extra allowance Rs 2 and Rs 1-8-0.

The Dy. Collector in the Anantapur Division now asks whether batta can be paid to all servants drawing less than Rs 25, as no distinction has been made in the Government order.

As I feel doubtful in this respect, I have the honor to request the orders.

orders of the Board on the subject.
