GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

29th August 1877, No. 2,602-A.

Famine Relief.

Read the following paper:—

No. 441-A. Proceedings of the Board of Revenue, dated 11th August 1877, No. 3730.

Read the following letter from E. TURNER, Esq., Extra Special Assistant Collector, to W. McQUHAE, Esq., Collector of Madura, dated Tirumangalum, 20th July 1877, No. 147:—

I HAVE the honor to make the following proposition with regard to the conduct of irrigation works in this taluq during the present dire distress. I propose that all such works throughout taluq be undertaken by me as famine relief, while the other works be undertaken by the Public Works Department. As soon as the famine relief coolies have finished excavating a the estimate for that work should at once be handed over to the Public Works Department who will finish it. At present I am obliged to put a maistry and two strong gangs on every work after the famine coolies have left it to tamp and slope the bund properly. This is a cause of much trouble and delay, and it is work that can be much better undertaken by the professional department. Of course a suitable establishment must be placed at the disposal of the department for this purpose which can be paid for from Famine Funds if necessary. Mr. Montserrat, who is here, says he thinks the plan will work well.

No. 499.

SUBMITTED to the Board of Revenue. I strongly recommend that tamping, sloping, revetting and masonry of tanks repaired as famine relief works in this district be executed by the Public Works Department, but for this a distinct order of Government in the Public Works Department is necessary.

DINDIGUL,
3rd August 1877.

(Signed) W. McQUHAE,
Collector.

SUBMITTED for the orders of Government.

2. The Board fear that the arrangement proposed is likely to lead to confusion, and under existing orders it is not permissible. If professional supervision is required the proper course is that laid down in paragraph 2, G.O., dated 15th February 1877, No. 681, and application should be made to the District Engineer for the services of any subordinates he can spare.

ORDER THEREON, 29th August 1877, No. 2,602-A.

Miscellaneous.

THE Government concur with the Board.

2. The papers will be communicated to the Public Works Department in view to the District Engineer being instructed to apply for such additions to his establishment as may be necessary to enable him to comply with the demands of the Revenue authorities for assistance in supervising works.
