Proceedings of the Board of Revenue

Dated 25th April 1877.

Read the following:

Board's No. 4182.

No. 63.

From A. Martindale Esquire,
Assistant Collector of Coimbatore.

To A. Wedderburn Esquire,
Collector of Coimbatore.

Sir,

I have the honor to inform
you that in accordance with your
Memo No. 772 of 19th March 1877,

I visited Metropollim Division
of the Coimbatore Sahy on the
24-26th Ultimo with a view of
ascertaining the necessity or
otherwise of opening further relief
works.

2. I rode from Metropollim
to

to Siroomugay and thence to Anoor visiting the villages that lay in proximity to the road. The people looked poor, but not emaciated. They expressed their willingness to work at metal breaking and collecting on roads at the new scale ordered by Government.

3. The road between Siroomugay and Anoor appears sufficient for the requirements of the very sparsely scattered population that live near it. Inhabitants of Anoor who wish to attend the Siroomugay Shandy can proceed along the main road to Metopolliem till they meet the cross road from Karamuday to Siroomugay. They would be saved very little distance by the repair

repair of the road from Anoor to Siroomugay which does not therefore appear suitable as a relief work.

4. I also rode along the main road from Anoor to Metopolliem and made similar enquiries. The people of the villages had all come out to intercept me and asked earnestly that works upon that road might be reopened. The works had been stopped on the completion of the metal collections between Pagalou and Metopolliem. I would now recommend the sanction of the estimate for collecting and breaking metal up to D. P. W. requirements along the whole length (12 miles) between Anoor & Metopolliem. The

The people would gladly come to the works and we have now proper supervision which was wanting before.

5. I understand that metal collections and storing have been completed all along the continuation of this road towards Avenashy and Oulladum - so only this small portion remains untouched.

6. I enclose a copy of the estimate.
