Proceedings of the Board of Revenue
Dated 27th April 1877.

Read the following.

No. 283.

Bellary Collectors Office
Dated 2nd April 1877.

From The Collector Bellary
To The Secretary to the
Board of Revenue

Sir.

int of
Kudligi 15 1/2
Hadgalli 14 1/2
Rauhandrug 11 1/2
Do 1 15-6 1/2

I have the honor to report
falls of rain in the marginally noted
places in the dates and to the extent
entered opposite to each.

A tank in the village of Lumaqudi,
Taluk Kudligi, has received a 2
months supply.

On the night of the 13th Inst there
was rain with hail in the Taluk
Taluk, and some 10 or 12 cattle and
some 30 or 40 sheep are reported to
have been killed by the hail stones.

By the recent rains
the

the Tungabhadra river has received
a considerable supply and the
Harpurhalli Deputy collector
reports that the river channels
are affording water to all the
neighbouring fields. The complaints
of Ryots near the Tungabhadra
that they had ^{not} sufficient water
have, at least, for the present, ceased.

I have &c
/ ssg/H. M. Kisch
Dist collector

Submitted for the information of Govt.
2. This letter shows that the rainfall
reported in the collector's telegrams
of 14th & 16th April was pretty general
in the west of the District.
