GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

1st September 1877, No. 2,621-A.

Famine Relief.

Read the following paper:—

No. 4-A. From J. GROSE, Esq., Collector of Nellore, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated 22nd August 1877, No. 4,265.

In the letter disposed of in G.O., 14th August 1877, No. 4,556, Miscellaneous, I asked for three Hospital Assistants for three relief-camps.

2. I have now the honor to submit a letter from the Sub-Collector applying for one in Kanigiri. There are three camps in that taluq, viz. :—

	Number.	Deaths last week.
Kanigiri	1,556	32
Pamur	502	95
Nandavanam	317	5

The extraordinary number of deaths at Pamur was due to a virulent outbreak of cholera. I do not know that the mere numbers shown for Kanigiri warrant me in asking for a Hospital Assistant, but I submit that the situation of the sub-division is such that there ought to be a Hospital Assistant there who can be sent from camp to camp as he may be wanted. At present the only Medical Officers in the Sub-division are the Apothecary in charge of the Dispensary at Ongole and the Sub-Collector's Dresser, and there are nine camps containing more than 8,000 paupers.

3. There is another camp for which a Hospital Assistant is badly wanted, and that is Allur, where there are 8,000 paupers fed and 312 in hospital, and where there were 64 deaths last week. At present a Local Fund Medical Apprentice is in charge, but he is not sufficient help.

ENCLOSURE No. 1.

From T. V. D. HARDINGE, Esq., Acting Sub-Collector, to J. GROSE, Esq., Collector of Nellore, dated 16th August 1877, No. 684.

The Special Deputy Collector, Rama Row, in his letter, No. 126, of the 6th instant, reports that the total number in the hospital attached to the Kanigiri Relief-house is 78, attacked with diseases, such as dysentery, dropsy, leprosy, and small-pox; that there are daily one or two deaths in the hospital; and that there are three camps in the taluq, all of which make it necessary to secure the services of a Medical Subordinate for the taluq. I have the honor, therefore, to request you will be good enough to apply to Government for the services of a Hospital Assistant in the Kanigiri Taluq.

No. 4-B. ORDER THEREON, 1st September 1877, No. 2,621-A.
