GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

1st September 1877, No. 2,627-A.

Famine Relief.

Read the following papers:—

No. 16-A. Proceedings of the Board of Revenue, dated 18th August 1877, No. 3869.

From J. H. MASTER, Esq., Collector of Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, Madras, dated Doragi, 4th August 1877, No. 628.

With reference to the Proceedings of the Board of Revenue, No. 1131, dated the 3rd ultimo, but received only on the 28th idem, I have the honor to forward a Taluqwar Statement showing the cultivation in the month of June last, as compared with the average cultivation of the same month in the last three years.

2. In consequence of the insufficient fall of rain, and on account of loss of cattle during the famine, and of inability on the part of the ryots to purchase seed grain, cultivation in the past June has been very limited. The crops which had been sown suffered for want of subsequent rain, but, by the recent fall in the latter part of July, their condition has much improved.

3. This latter rain will also incite to further cultivation—
places it is already in progress.

4. Future prospects are dependent on further rain. If there be a heavy fall of rain soon, much more cultivation may be expected.

5. It is not, however, to be expected that all the land in the holdings of the ryots will be brought under cultivation this year; in many cases they have no cattle. Probably about 30 per cent. will be left waste, even in case the season be favorable.

TALUQWAR Statement of Cultivation in June 1877, as compared with the Average of the last three years.

Bellary,
— August 1877.

(Signed) J. H. MASTER,
Collector.

SUBMITTED to Government, in continuation of Board's Proceedings, dated 31st July 1877, No. 3561.

2. There has been a large falling off in the extent of dry land brought under cultivation as compared with the average of the three preceding years, which is attributed to the scanty rain fall, loss of ploughing cattle and inability of the ryots to purchase seed grain. The Board have already instructed the Collector by telegram, dated 30th July 1877, Miscellaneous No. 10,553, to exercise his discretion in the matter of advances for the purchase of seed. He will now be called upon to state what action he had taken.

Superintendent of Police

Sir,

I have the honour to report for the information of the Government that the rains have been very general throughout the Eastern Districts during the past week, and in many cases they have been very heavy. Particularly about Coolgardie and Kalgoorlie, where the rainfall has been unprecedented for the season. The paramatta creek at Coolgardie has been running a banker, and the Kalgoorlie creek has been running a banker for the first time since the settlement of the district. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district.

2. Large fallings of snow are reported on the Darling Ranges and the Stirling Ranges, and the snow is lying on the ground in many places. The snow is lying on the ground in many places. The snow is lying on the ground in many places.

3. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district.

4. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district.

5. The rainfall has been very beneficial to the country generally, and has put a stop to the bushfires which were doing much damage in the Coolgardie district.
