No. 2

South Canara Dist. Engineer's office
Camp. Madh 12 April 1877

From,

The District Engineer
South Canara

To,

The Chief Engineer

P. W. D. Madras

Sir,

With reference to para 112 of
the Conservator of Forests Annual ad-
- ministration report for 1875, printed

^x
D. P. W. G. O

No 355 of

26 March 77.

^x
with G. C. W. Department No 889 of

2 March 1877, I have the honor to ask

whether steps will be taken to prevent

the wholesale destruction of Forests for

Kumari Cultivation in this District,

a result of the recent surrender of the

right of Government to Netti Kattu in

jungles.

2. If this indiscriminate felling

is permitted there seems little doubt

that the monsoon rains will be carried

off more rapidly from the Ghats and

floods will be higher and more danger-
ous

no work is yet
done.

The

ous than formerly; precautions must
therefore be taken in bridging streams
to allow greater waterway than might
now suffice.

3 I cannot but think that if such
extensive spoliation as is now going
on remains unchecked, its effects
on the District will be disastrous in
more ways than one, and will be evident
in a very few years.

I have the honor to be

Sir

Yours most obedt^tly

Edw. M. G. H.

District Engineer
South Canara.

I should say today

No 3974

Mr. Singh does not know
what he is talking about.
"Extensive" of "him" of
private property of it owner
bringing property into culture
is known.

He seems to be ignorant of
the fact that from time immemorial
Down & Singh have been
administration the restriction
has in force against him.
The such disastrous results
followed as he anticipates.
