ABSTRACT.—Requesting a report as to retaining the Salt Depôt at Home's Gardens.

WITH reference to paragraph 3 the Board request the attention of Government to their report on the subject recorded with G.O., dated 3rd February 1877, No. 502, Revenue Department, to which they would add that, now that the completion of the Conjeveram extension of the South Indian Railway has been decided on, the construction of a tramway to the Home's Gardens Depôt becomes more desirable than ever. If the resolution to abandon it has been in any way prompted by considerations of expense, the Board would suggest that the heavy charge for compensation to private land to be taken up might be obviated by bringing the line across the Mylapore tank, as marked in the accompanying tracing, and carrying it out as a famine work. Under any circumstances, however, the Board are satisfied that the salt traffic to Chingleput, Conjeveram, and the neighbourhood would of itself be sufficient to justify the necessary outlay for the construction of the tramway.

THE Governor in Council is of opinion that any reconsideration of his order should be postponed until the Junction Canal is opened and there are better means of judging.
