Read the following paper :—

No. 125-A. — Proceedings of the Board of Revenue, dated 5rd September 1877.

Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cuddapah, 18th August 1877, No. 463 :—

Referring to the Proceedings of the Board, Miscellaneous No. 11,312, dated 14th instant, I have the honor to solicit attention to my letter, Extra No. 1,898, dated 10th ultimo, and its accompanying statement.

2. I can vouch for the care with which the examinations upon which this statement was based were made. Every individual was separately examined, and I several times went twice over the whole party before I noted the results. The percentage of "fair" as shown in my statement is 69·127.

3. I again looked over at the beginning of July more than one party, and I saw the Kanalamadgu gangs early in that month.

4. All that I can say is that I did not consider that they were in bad condition or anything like it, that Lieutenant Money and I differ in our classification, and that he has probably included under "good" and "weak" very many of those who were put down by me as "fair." It is to be observed that, whilst I show only six per cent. as being "good," Lieutenant Money shows fourteen. This could hardly be commatible with a marked reduction in the condition of the coolies.

5. I leave it to the Board and Government to decide whether Lieutenant Money or I am likely to be the better judge of the condition of coolies. His experience has been limited, mine has extended over nearly the whole of the district. My examinations have been upon a plan which has been fully explained, his have not.

Submitted to Government with reference to G.O., dated 31st July 1877, No. 2,414-A.

2. The Board have full confidence in Mr. Price's judgment.
