Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Palmanar, 8th August 1877, No. 486.

I HAVE the honor, with reference to the Proceedings of the Board, dated 23rd ultimo, No. 3,439, to state that there are now such large numbers of applicants for relief work in and around Vellore that the works at the Palar embankment and the excavation of silt from the fort ditch can be proceeded with simultaneously and with ease, as also the removal of the sand ramp north of the Palar bridge. This last work is specially recommended for the coolies sent out from the relief camp for work, most of whom can only do light easy work. On the Palar embankment some 4,000 people are now employed and 3,000 in the fort ditch.

SUBMITTED for the information of Government.
