A letter from the Government of Madras, No. 213, dated the 22nd January 1877, requesting that a special assignment of funds may be made to Provincial Services for Jails to meet the extraordinary expenditure anticipated in 1877-78 owing to the high prices and distress prevailing in the Madras Presidency and the consequent increase of crime.

RESOLUTION.—The Governor-General in Council observes that, as the Provincial allotments are consolidated, no addition thereto can be made on the ground of the alleged insufficiency of any particular item used in the calculation upon which they were based.

2. When the Bengal Famine occurred, the local Government was required to exhaust its entire resources, Provincial and Local, in contending against the calamity, and the same course should now be followed in the Madras and Bombay Presidencies.

3. To save the Government of Bengal from actual insolvency, such a contribution was eventually made from Imperial Revenues as left it, after the famine, with a net balance of five lakhs of Rupees at credit of its Provincial Funds and the Local Funds at its disposal for Provincial purposes together. His Excellency in Council will be prepared to treat the Governments of Madras and Bombay hereafter in the same way.

ORDERED, that this Resolution be communicated to the Revenue Department, the Governments of Madras and Bombay, to the Accountants-General in those Presidencies, and to the Comptroller-General, for information and guidance.

No. 4. ORDER THEREON, 1st May 1877, No. 1390.

The above letter will be communicated to the Board of Revenue and to all Heads of departments with the intimation that the Government rely on them to use every effort to ensure the utmost economy in the expenditure of the funds under their control.

2. There being no reason to apprehend any excess expenditure from Provincial Funds except such as can be distinctly traced to the prevailing unusual distress, and the Budget Estimates of the various department, having already been reviewed with the most rigid regard to economy, no further action on the part of Government seems called for at present.

3. Any deficit which may be found at the close of the year will be adjusted in communication with the Government of India, such Local and Special Fund balances as are legally available being utilized for the purpose before Imperial resources are trenched upon.
