for the current lease for the privilege of selling toddy and the tree-tax up to the month are compared with the total revenue for the whole year under the old system. The return for Sept. 1898 showed that while the revenue under the old system amounted to Rs 11,75,612, the total of tree-tax and ^{ending with that month} ~~rents~~ for the year was only Rs 10,16,307—decrease Rs 1,59,305.

2. With October 1898 a new year commences. The return for that month submitted in the current shows that while the revenue under the old system for a whole year was Rs 11,75,612, the total of rents for the current lease and the tree-tax during the month was only Rs 8,00,107—decrease Rs 3,75,505. To reach the revenue realised during the last toddy year 1897-98, the tree tax should increase by Rs 3,75,505—159,305 or Rs 2,16,200; and to reach the revenue under the old system by Rs 3,75,505.
