Read the following paper :—

No. 334. Proceedings of the Board of Revenue, dated 7th September 1877. No. 4,169.

Read the following letter from A. J. STUART, Esq., Sub-Collector, to J. F. PRICE, Esq., Acting Collector of Cuddapah, dated Kalkuda, 21st August 1877, No. 158 :—

I HAVE the honor to forward a statement of physique for the fortnight ending 27th July. They were retained in my office for tabulation, and I was not aware they had been received.

2. About 83 per cent. in Madanapalli are returned as good and fair, 17 per cent. as indifferent, and only about ½ per cent. as bad. More recent returns now being sent separately certainly tend to show falling off in physique.

3. In Royachoti about 83 per cent. as good and fair and 17 per cent. as indifferent, with 1 per cent. bad and very bad; when compared with more recent returns would seem to show a great improvement since the date of the returns now submitted; the difference is so great that I do not think this return sent in by Mr. Beeby can be reliable.

ENCLOSURE No. 1.

Report of Physique of Coolies in the Madanapalli Taluq during fortnight ending 27th July 1877, inspected by Lieutenant Money.

Sex.	Good.	Fair.	Indifferent.	Bad.	Very bad.	Total.	Remarks.
Men	1,107	2,095	538	18	...	3,758	Coolies are, I imagine, steadily improving, though during this fortnight, as all the works are new, and only a certain amount of the coolies, men who had before been on the works, I am unable to compare them with last returns.

2. What little I saw of the coolies at Royachoti before illness prevented my moving about induces me to think that the report of Mr. Beeby, who is a careful man, is very fairly correct. His figures and those of Lieutenant Money do not very widely differ.

3. The results given are very satisfactory.

4. Mr. Stuart has been requested to send in his reports more regularly.
