2 The press work is so heavy that
all endeavours to get the Registers
(a voluminous statement consisting
of several pages) of each Talug printed
have hitherto failed owing to the
inadequacy of the existing staff of servants
to meet the additional labour which
the work imposes upon them. After
much difficulty the required number
of copies of the Registers of Tirumangalam
Talug was lately struck off the press.
According to the report of the Head
Compositor, it will take him two
years to have the Registers of the other
Talugs printed, should this work be
required to be done in the Collectorate
Press without the employment of any
extra hands. It was on this account,
that

that the repeated demands of the District
Engineer for printed copies of the Registers
were not complied with.

3 In order to avoid further delay
in the matter, the entertainment of
two additional hands seems absolutely
necessary.

4 By an oversight no provision was
made in the Budget of the next year
to meet payment of the proposed
charges, but they may be met from
the general savings of the Budget grant.
