GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

3rd May 1877, No. 12 I.

Irrigation.

No. 23. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 25th April 1877, No. 663 :—

From R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madras, 23rd April 1877, No. 698.

I HAVE the honor to inform you that we hope to be able to remove all the Divers and the pneumatic apparatus from the Huggry bridge early next month in view to the recommencement of operations at the new Cheyaur bridge.

2. The Chief Engineer informs me that he therefore fears he cannot spare Mr. West's service for the superintendence of the work of embanking the Cheyaur river longer than will be required to complete the right bank.

3. I believe that the Public Works Department are anxious to commence the embankment on the left side of the river, and I request that you will be so good as to address the Government upon the subject, so that arrangements may be made for Mr. West's release as soon as convenient.

COPY forwarded to the Chief Engineer for Irrigation, with request that the necessary arrangements may be made for relieving Mr. West as soon as convenient.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
Consulting Engineer for Railways.

No. 24. ORDER THEREON, 3rd May 1877, No. 12 I.

COMMUNICATED to the District Engineer, Cuddapah, who will arrange for the supervision of all Cheyaur embankment work other than that on the right bank above the Railway bridge.

2. The thanks of Government will be conveyed to Mr. West for the valuable assistance he has rendered in supervising the right embankment above the bridge.
