Read the following :—

No. 133-W.

No. 372. *Note by the Chief Engineer for Irrigation.*

With reference to G.O., No. 1,504, dated 17th June 1876, paragraph 6, the lists Form A of Irrigation works, which have been improved or constructed under British rule and for which it is proposed to maintain a continuous record of expenditure and ascertain what effect on the revenue that expenditure has produced, are submitted for the following districts from which the requisite information has been submitted :—

South Arcot.
Coimbatore.

2. The numbers entered in the permanent column show the works which the undersigned recommends should be dealt with individually and in those cases, *e.g.*, the irrigation under the Guddelum* and Ambravati† in which there are several Irrigation works now, or likely in the future to be, more or less connected, it is considered desirable to affix one number to the whole group with letters added for the several sections. Such irrigation will then form a group to be dealt with as such, while the results of expenditure on any particular section will nevertheless be ascertainable when necessary.

* South Arcot.
† Coimbatore.

3. Blank statements have been received from Cuddapah and Malabar, and the undersigned considers that the District Engineers have rightly concluded that there are no Irrigation works in those districts of sufficient importance to require separate record.

Fort St. George,
3rd March 1877.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

To the Secretary to Government, Public Works Department.

SOUTH ARCOT DISTRICT.

Form A.—List No. 1 of Irrigation Works constructed or materially improved by the British Government.

				1864-65.	12,225			
					16,745			
5	...	Kullar ...	Vicravandy do. ...	1856-57.	19,338	...	7,447	Estimate for anicut sanctioned in G.O., dated 19th August 1854, No. 975; and of Board of Revenue of 2nd April 1855, No. 299. Estimate for improving channels in G.O., dated 6th August 1866, No. 2,464.
				1867-68.				
6	A	Pooniar ...	Trikalore anicut (formerly called Pooniar anicut).	1848-49.	13,603			
				1862-63.	57,286	...	73,928	Estimate for re-opening Ragavien channel sanctioned by Government in No. 113, dated 26th January 1846, and Government of India No. 15, dated 7th idem; for anicut in G.O., No. 407, dated 25th February 1860; for Pombay channel in No. 2,103 of 21st July 1864, and No. 1,140 of 29th April 1870; for Amoor channel, &c., in G.Os., No. 3,901 of 11th December 1866, and No. 997 of 9th April 1870; and for extending anicut, &c., in G.O. No. 3,407 of 30th Nov. 1875.
				1868-69.	11,024			
				1871-72.	51,634			
				1876-77.	43,352			
					1,76,899			
6	B	Do. ...	Allangal channel	1872-73	14,421	...	22,870 (4 years' average).	Estimate for improving the channel sanctioned in G.Os., No. 998, dated 9th April 1870, and No. 515, dated 21st February 1871.

NOTE.—The cost of works in column 5 is in several cases taken from the statements of remunerative works submitted to the Examiner for 1873-74, and therefore does not in all cases include the cost of renewals or additions which appear to have been charged for up-keep; many of these cannot be now traced.
The sums entered in column 7 are taken from the statements of remunerative works and Part VII of Irrigation Budgets received from the Collector. Column 6 is left blank, as the information as to the area irrigated by each work is not in every case available in this office, and as it is not likely that the same can be obtained from the Revenue authorities before many months.

To the Chief Engineer for Irrigation, with reference to his memorandum No. $\frac{12}{C}$ dated 22nd July 1876.

CUDDALORE,
February 1877.
