From the incomplete return
submitted by W. Davidson
it seems that over & above
the Govt. Revenue, more
than 200,000 bags of grain
were purchased by the
local officers ^{in turn} up to the end
of February. It is not
clear how in the columns
given certain large
quantities are entered as
belonging to certain firms.

To,

The Additional Secretary

Madras.

Sir,

With reference to your Circular
No 864 dated 28th February, I have
the honor to submit a statement
showing the grain purchased in
this District and received from
Messrs Arbutnott and Co to the
end of February.

2. The delay in the submission
of this return is due to the non-re-
ceipt of information in the pre-
scribed form from the Sectional
Officers, though several reminders
were sent to them. Even up to date
information in the prescribed
form has been received only
from one Sectional Officer and
the others have been pressed to
expedite the submission of their
returns

returns.

3. To save time however I have had a statement prepared from such materials as are at present available in this office. Complete returns made up to date will be submitted as soon as information has been obtained from Section officers, to whom repeated reminders have been sent on the subject.

I have the honor to be
