Read the following paper :—

No. 637. Proceedings of the Board of Revenue, d. 19th September 1877.

Read the following letter from J. F. PRICE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 10th September 1877, No. 552 :—

I HAVE the honor to report for orders that the District Engineer has addressed me upon the subject of taking in hand the two marginally-noted masonry works upon the Cuddapah and Cumbum road which is now in process of being completed by metalling and gravelling.

	Rs.
Road dam and culvert across the Cupau Calva on 51st mile, 2nd furlong, of the road from Cuddapah to Cumbum *via* Sidhout and Budwail	720
Road dam across the Hythremputt Ooppoovumba on the 46th mile of the road from Cuddapah to Cumbum *via* Sidhout and Budwail	335
Total ...	1,055

2. Both estimates were sanctioned by the Local Fund Board last year but there being no funds available were not carried out.

3. Colonel Moberly points out that to make the road complete they should be put into execution.

4. The Cuddapah and Cumbum road cannot be called a famine road in the proper sense of the term, but a great deal of famine works has been done to it and portions of it are merely a track with side ditches. Government have directed that it is to be completed, but without the works mentioned above this cannot properly be done.

SUBMITTED for the orders of Government.

2. So much has been done from Famine Funds to the road in question, and it is so important a line of communication from a famine point of view, that the Board think it should be completed without delay.
