GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

25th September 1877, No. 2,925.

Famine Relief.

Read the following paper:—

No. 650. From the Acting Collector of Cuddapah, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated Cuddapah, 14th September 1877, No. 572.

I HAVE the honor to forward, with the request that the necessary sanction may be accorded thereto, an estimate, with enclosures as per margin, amounting to Rs. 16,980, for the construction of a second-class road from Porumamilla, in the Budwail Taluq, to the Kurnool Frontier *via* Kalasapaud.

One specification.
,, report.

2. This road has already been almost completed to Kalasapaud, a distance of some eight miles, and it is proposed to continue it on to the frontier at Ganganapalli. The work was taken in hand before I joined the district.

3. I am very averse to putting forward estimates for more roads, but I have [illegible] works in the Budwail Taluq and have satisfied myself that there is nothing in that direction that can be taken up as a relief-work. The supplying of metal and gravel has given employment for a considerable time, which is now nearly worked out.

4. Nothing therefore remains but new roads of as cheap a class as can be constructed.

5. That proposed will be of use in opening up the country, and as the soil is in most places hard will not cost much to keep up.

No. 651. ORDER THEREON, 25th September 1877, No. 2,925.

Miscellaneous.

THE estimate is sanctioned. A supplemental estimate for paving the water-courses on the road should be submitted.

(True Extract.)

it is proposed to continue it on to the frontier at Ganganapalle. The work was taken in hand, before I joined the District.

3. I am very averse to putting forward estimates for more roads, but I have nothing else. I have discussed with the District Engineer, the question of Irrigation Works in the Budvail taluk and have satisfied myself that there is nothing in that direction that can be taken up as a Relief Work. The supplying of metal and gravel has given employment for a considerable time, which is now nearly worked out.

4. Nothing therefore remains but new roads of as cheap a class as can be constructed.
