2950

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

25th September 1877, No. 2,950.

Famine Relief.

Read the following paper:—

No. 699. Proceedings of the Board of Revenue, dated 8th September 1877, No. 4,183.

Read the following letter from A. J. STUART, Esq., Sub-Collector of Cuddapah, to J. F. PRICE, Esq., Acting Collector of Cuddapah, dated Kalkada, 21st August 1877, No. 157:—

I HAVE the honor to forward a supplemental return of physique inspection for the Madanapally and Kadiri Taluqs received after despatch of my report.

2. Captain Money thinks the coolies are going down rather than improving, but finds it very difficult to judge owing to the coolies having been lately moved about and to their hardship of going and coming when near their villages.

3. Mr. Swan's remarks are entered in the remark column.

4. The percentage of good and fair together give about 68 and 60 in Madanapally and Kadiri respectively. It would seem, therefore, that the coolies in these taluqs are in better condition than in Voilpaud and Royachoti so far as I have been. I think this is the case in Madanapally, but not in Kadiri, where I think the coolies are rather worse than elsewhere.

ENCLOSURE No. 1.

Report on the Physique of Coolies in the Kadiri Taluq during the Fortnight ending 15th August 1877.

Sex.	Good.	Fair.	Indifferent.	Bad.	Very Bad.	Total.	Remarks.
Inspected by R. Swan, Esq.							
Men	503	545	283	95	16	1,442	Attached is my report on the condition of coolies in this taluq of 1,939 coolies including 3-pie children examined. I found: 1,429 in good and 1,912 in fair condition. 1,109 were indifferent, 416 bad, and 73 very bad. The last three items includes the very aged and infirm, a great many of whom I found on the works. At Tannakalalore I found about 13 such, whom I sent to village-relief. The nursing mothers on the whole appeared in fair condition. The 3-pie children presented every variety of appearance. Some were in very good condition; these, I imagine, were the children of persons who had other means to supplement their cooly wage, while those in bad condition appeared to be the children of the very poorest of the population; the boy coolies appeared in very fair condition.
Women	491	689	493	219	23	1,920	
Children	286	342	141	25	...	794

Cuddapah,
1st September 1877.

(Signed) A. J. STUART,
Sub-Collector.

No. 493.

SUBMITTED for the information of the Board of Revenue.

2. In Royachoti according to the last report 83 per cent. were in good and fair condition.
3. The previous report upon the coolies in the Madanapally Taluq gave very nearly the same percentage.
4. The moving of the coolies in order to concentrate them may, as Lieutenant Money thinks, have led to a reduction in condition.
5. The number of coolies classed as indifferent is by no means satisfactory.

Cuddapah,
31st August 1877.

(Signed) J. W. JOHNSTON,
Special Deputy Collector,
for Acting Collector.

SUBMITTED for the information of Government.

2. It is remarkable that the coolies in the sub-division of Cuddapah appear to have always been in lower condition than those in the adjoining taluqs of the principal division.

No 157.

From

A. J. Stewart Esqrs

Sub Collector of Cuddapah

To

J. H. Price Esqrs

Collector of Cuddapah

Sir

I have the honor to forward
a supplementary return of phy-
sical inspection for the Madana-
pally and Kadiri Taluqs received
after despatch of my report.

2. Captain Mooney thinks
the

condition.

3. The previous report upon the coolies in the Madanapally Taluk gave some remarks the moved about and to their hardship of going and coming when near their villages.

3. Mrs. Swan's remarks are entered in the remarks column.

4. The percentage of good and fair together gives about 68 and 60 in Madanapally and Radian respectively, and 25 in each and bad and very bad together 7 & 10 respectively. It would seem therefore that
