Proceedings of the Board of Revenue
Dated 30 December 1876

Read letter from the Collector
of Amritsar dated 23 November
1876 at 659.

The Board resolve to submit
for the approval of Government
and for transfer to the Public Works
Department the detailed budget
of expenditure out of the Cochrane
and Sadras Canal Fund for the
year 1877-78 with reference to
the G.O. O.D. dated 31st March
1875 at 600.

The total budget estimated
receipts and charges of the
fund are given below, compared
with

with those of the current year.

years	Estimated balance at the beginning of the year	Estimated Receipts	Total	Estimated expenditure of the year	Balance at the close
	Rs	Rs	Rs	Rs	Rs
1877-78	595	41900	42495	39430	3065
1876-77	13730	45050	58780	54370	4410

3. The Collector enters Rs 322 as the opening balance of the ensuing year but the amount should be

Ros 30 after deducting Rs 110, the allotment sanctioned for certain work in the current year and the cost of supervision thereon Rs 7 which does not seem to have been taken into account in the Collector's Regular Estimate.

B^d No 8 of 8 July 1876
Rs 5767

4. The expected receipts amount to Rs 41900 or Rs 3150 below those of the current year. The amount adopted for the estimate being the

average

average collections of ordinary years.

5. The proposed expenditure is classified as follows.

	1877-78	1876-77
	Rs	Rs
Rep. P. W. Dept ^l { New Works	8150	8150
Repairs	20700	32650
	<u>28850</u>	<u>40800</u>
	1980	1980
Petty Establishment		
Cost of Supervision at 25 Per cent. on the proposed expenditure.	5230	8220
minus the cost of Petty Establishment	<u>3370</u>	<u>3370</u>
Establishment and Contingencies	<u>39430</u>	<u>54370</u>

6. The total allotment for new works and Repairs is Rs 28850 against Rs 40800 in the current year's budget. The decrease of Rs 11950 is due to no special provision having been made in the budget for deepening the Southern Canal from the Adyar to S. Adams and the Northern Canal.

Canal from the Elephant gate
Bridge Madras to the Pulicat
Lake as in the current year and
to the consequent decrease in
the Cost of Public Works Supervision

It is observed that the
first work in the budget was
shown in the budgets of 1873-74
1874-75 and 1876-77, but the work
does not appear to have been yet
commenced. The Collector is requested
to explain why its execution has
not been undertaken.
