Read the following letter from

the Offg. Civil Surgeon, Bellary - to the Deputy -
Surgeon General Mysore Division and C. D. Bangalore
dated 3^d May 1877. No. 105 A.

With reference to your Circular Memo No. 350
dated 22^d March 1877, I have the honor to
state that I have again examined the Coolies
on Relief Works in Bellary and that this
time I did not find them in good condition
and detected indications of loss of flesh and power.

There has been last month a great increase
in the number of admissions for Privation in the
Municipal Dispensary Bellary nearly six times
as many as for March and most of these
cases were in a very emaciated condition.
