Read the following paper :—

No. 827. Proceedings of the Board of Revenue, dated 7th September 1877.

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 31st August 1877, No. 690.

With reference to the Proceedings of Government, Revenue Department, No. 2,447-A, dated the 6th instant, communicated with the Proceedings of the Board, Miscellaneous No. 11,433, dated the 16th idem, I have the honor to forward copy of Mr. Ross's report as to the amount of the Government reserve grain which is being consumed daily.

2. From the report I should think that the necessity of using the Government reserve at all will soon cease.

Enclosure No. 2.

From H. T. ROSS, Esq., Ag. Head Assistant Collector of Bellary, to J. H. MASTER, Esq., Collector of Bellary, dated Goromtla, 28th August 1877, No. 701.

With reference to your foot-note to G.O., No. 2,447-A, dated 6th instant, I have the honor to report that on an average (struck on a rough calculation) about 3,200 seers a-day are being spent out of the reserve grain kept in Pennakondah according to the Tahsildar's report.

2. As regards importations of grain, I have the honor to report that they are now being carried on freely. The cartage difficulty being over, the local merchants assure me they can import any amount of grain as long as it is procurable in Bangalore, the principal mart for my taluqs. I have given them distinctly to understand that Government has no desire at all to interfere with their trade, and relies upon them to keep the local markets sufficiently supplied; and I have personally urged them to make as large imports as possible. From what I see I have no doubt of their being able to meet the local demands fully as long as grain is purchaseable in Bangalore and cartage thence is procurable.

Submitted for the information of Government with reference to the order quoted.
