No 25611

Revenue Department.
Proceedings of the Board of Revenue
dated 15th May 1877.

Read statement of Cultivation
and Collection from Chingleput for March
1877 dated 5th May 1877 No 123

Submitted to Government
with reference to their order dated 28th
November 1875 No 1855.

2. The extent of land cultivated
during the month was 20,049 acres
against an average of 54,417 acres
for the previous three years. The
percentage of falling off therefore
up to the month has risen from
12 in February to 18 in March.

3. The Collections during the month
shew very little improvement over
those

those of the previous month. The unsatisfactory state of which was specially noticed in Board's Proceedings dated 4th May 1877 No 2076. The Collector has since reported that he has issued orders for the early realization of the outstanding balance.

4. In their No: above quoted the Board noticed certain discrepancies in the averages of Cultivation as entered in the statements for Febry and for the previous months. They observe similar discrepancies on comparing the statements for March with that for February, and the Collector's attention is again called to the matter.
