GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

13th October 1877, No. 3,098.

Read the following paper:—

No. 102. Proceedings of the Board of Revenue, dated 27th September 1877, No. 4,517.

From W. DONALD, Esq., Officiating Accountant-General, to the Hon. D. F. CARMICHAEL, Chief Secretary to Government, dated Fort Saint George, 20th August 1877, No. 742, (Money Order Department.)

I HAVE the honor to forward copy of a letter and its enclosure from the Collector of Bellary, recommending the opening of a Money Order Office at Pennaconda, as the town is the head-quarters of the Head Assistant Collector of the District and is a place growing in importance. I recommend the proposed measure, and, should Government see fit to sanction the opening of this office, the Head Accountant of the Head Assistant Collector or the Officer in immediate charge of the treasury, should be the Money Order Agent, as all this work forms part of the ordinary duties of a Treasury establishment.

From J. H. MASTER, Esq., Collector of Bellary, to J. G. PROBYN, Esq., Accountant-General, dated Mangatary, 14th August 1877, No. 2,932.

I HAVE the honor to forward copy of a letter from the Deputy Magistrate at Pennaconda in which he represents the inconvenience arising from the want of a Money Order Office at that station.

2. It is, besides being head-quarters of the Head Assistant Collector of this District, a place of some importance, as various officers belonging to other branches of the service are located there, who, coming as they do from great distances, in some cases find the need of a Money Order Office, as they have no other way of remitting money to their families, &c.

3. One may be opened as an experimental office during the present pressure of the famine, leaving its continuance otherwise to depend on circumstances.

From A. NARRAIN ROW, Deputy Magistrate, Pennaconda Division, to J. H. MASTER, Esq., Collector of Bellary, dated Pennaconda, 1st August 1877, No. 174.

I HAVE the honor to recommend, for your favorable consideration, the advisability and urgent expediency of opening a Money Office at Pennaconda, at least temporarily during the famine.

2. The town has risen in importance by the location of various offices of the Judicial, Revenue, Famine, Public Works Department, and Survey Departments. Trade particularly in grain has increased, and would have been more free if easy remittances could be commanded. Many of the servants come from remote parts feel the necessity of remitting to their families the small savings from their pittances, and there exists no means to supply this want.

3. I am certain from the probable demands that I can now calculate upon, that the office will be a paying one. If possible, I should consider the Post Office Clerk to be a proper agent. Bound by security bond, there will be little danger of misappropriation at the hands of the Post Office Clerks, while this arrangement will not add to the

work of the taluq people except that of receiving remittances and advancing money on receipts.

4. As there is a great difficulty at the place in getting orders for small sums particularly, I take the liberty of requesting your favorable consideration to the subject at an early date. The present is the time when such an office is needed most
