GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

15th October 1877, No. 3,107.

Read the following paper :—

No. 119. Proceedings of the Board of Revenue, dated 29th May 1877, No. 2,467.

Read the following letter from W. E. WRIGHT, Esq., Superintendent of Stamps, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 21st December 1876, No. 2,073.

I HAVE the honor to submit my report on the operations of the Stamp Department for the past Fasli 1285 ending the 30th June 1876, together with the usual explanatory statements, four in number.

2. The first of the Statements, No. 1, exhibits the transactions of the Stamp Office, the particulars of which are shown in the subjoined abstract of that state-
ment.

3. The opening balance at the beginning of the fasli amounted to Rupees 482,36,098-5-0. Subsequent receipts raised the stock to Rupees 533,12,349-12-0. The gross issues of the year amounted to Rupees 60,65,089-5-0; the balance at the end of the fasli was thus reduced to Rupees 472,47,260-7-0, which includes an inefficient balance of Rupees 1,02,095, the value of stamps despatched but not acknowledged by Collectors within the year.

4. The total value of stamps received during the year is less than that of Fasli 1284, owing to the small quantity of Non-Judicial and Adhesive Stamps imported from England during the period.

5. Under instructions conveyed in a despatch of the Government of India to the Chief Secretary to the Government of Bombay, dated 20th September 1875, No. 3,389, previous to the submission of indents to the Home Government, an arrangement was made to dispose of excess stock in the three Presidencies, by which stamps to the value of Rupees 30,86,512 were received at this office from Calcutta and Bombay, and similarly stamps, valued at Rupees 15,25,682-8-0, were transferred from this to Calcutta.

Board's Proceedings, dated 26th October 1875, Miscellaneous No. 9,682.

	Rs.

Total ...	30,86,512

6. Out of the sum of Rupees 6,017-15-0 shown as stamps returned from districts, Rupees 7-15-0 represent the value of embossed bills presented by a vendo for refund and sent to this office from Ganjam under Board's Proceedings, date 5th April 1876, No. 925. The actual value of stamps returned from the stock i the districts as obsolete and useless amounts to Rupees 6,010 only, which correspond with the entry shown in the abstract of Statement No. 2 at the foot of paragraph 1

7. On examination of the contents of the cases of the new Non-Judicial Sta received from England, an aggregate excess of Rupees 27-14-0 in some and a de ciency of Rupees 8-12-0 in others were discovered. The excess or deficiency case was duly brought on the accounts. The two items will be found in the abstract.

8. The total value of stamps supplied on indents to districts amo Rupees 38,38,319-11-0, corresponding with the entry in the abstract of Sta No. 2 at the foot of paragraph 11, showing the value of stamps received by Coll The value of stamps supplied to the Mysore Government and Coorg, as also Majesty's Treasury at Bangalore, for use in the Court of the Judicial Commi amounted to Rupees 5,87,748-13-0. No revenue as usual was derived from lore and Coorg, but the cost-price of the stamps issued to the Mysore Gover has been received and credited.

9. Non-Judicial Stamps of English manufacture sent to Government as men stamps as per their requisition, dated 31st March 1876, No. 587, and off the account amounted to Rupees 71-14-0.

10. Stamps to the value of 6,456-12-0 sent to the Board for d tion and written off as per their marginally noted chiefly co stamps returned from the distr obsolete and unsaleable; there w a small quantity of stamps dama the course of preparation both Stamping and Counterstamping ments.

12. The balance of stock with Collectors at the beginning of the fasli amounted to Rupees 151,67,396-11-0, and at its close to Rupees 142,12,074-1-0, or Rupees 9,55,322-10-0 less.

13. The excess of 8 Annas credited under Court Fee Stamps occurred in the South Arcot District, and is ascribed to be due to the probable short issue to that extent to the licensed vendors of Ooloondoorpett who made purchases from that depôt, but no complaint of such short issue having been made the excess was credited in the accounts.

14. The total value of stamps transferred from one district to another in order to reduce the surplus stock still remaining in some of them amounted to Rupees 2,45,162-15-0, and includes Rupees 13,611-2-0 supplied to Coorg.

15. In lieu of stamps returned by vendors, stamps have been issued to them amounting to Rupees 870-1-0. Of this amount, a sum of Rupees 82-2-0 represents the value of stamps issued in lieu of those returned in fasli 1284, forming part of the item referred to in paragraph 14 of my last report. The actual value of stamps thus issued against Rupees 870-15-0 shown as returned by vendors during the fasli amounts only to Rupees 787-15-0, the difference, Rupees 83, having been refunded in cash *minus* the usual discount.

16. The transfer to the extent of Rupees 66 from "Court Fees" to "Non-Judicial Stamped Papers" occurred in the Madras District with reference to the issue of certain guarantee stamps. These stamps, red and black bicolor, had hitherto been included in the Collector's accounts under the head of Court Fees Stamps, the words "Court Fees" having been marked on them under G.O., 6th December 1870, No. 653, which directed that all stamps for use under the new Act (Court Fees) should be thus marked. The Board in their Proceedings, dated 16th December 1875, No. 2,890, pointed out that the order was not applicable to guarantee stamps, and directed that the use of the red and black bicolor stamps should at once be discontinued.

17. Stamps to the value of Rupees 1,851-14-6 were written off in Bellary under G.O. of the 4th December 1875, No. 2,557, being the amount embezzled by a Nazir of the Civil Court whose whereabouts have not yet been discovered.

18. The sum of Rupees 500 is written off in the accounts of the Godavery District as the value of stamps advanced to a vendor at Rajahmundry under the proceedings of the Board of Revenue, dated the 30th June 1875, No. 5,896, instead of being exhibited under the head "Inefficient Balance," distinct from the stamps issued to Tahsildars. The value of stamps thus supplied should stand included in the Collector's stock, and when their sale has been accounted for their value should be included in the value of stamps sold.

19. It will be observed that at the close of the fasli the stock in the districts is slightly reduced. Indents from the treasury officers continue to require strict revision, but they are all more carefully prepared, some very carefully and do not include large demands for denominations of stamps of which there are four or five years' supply already in the district. The transfers from one district to another alluded to were made from such surplus stock as that just mentioned. Further transfers, except to relieve Collectors of certain denominations of stamps of which little or no demand exist, are not possible. As it stood at the close of the fasli the value of stock in the districts, which in Fasli 1280 was reported to be more than five times the sales of that year, was less than three times that of the fasli 1285, and the present stock includes Rupees 65,90,858-10-0 worth of Stamps *Impressed* Stamps put away and soldered in tin-lined cases their use prohibited by the Government of India in their Despatch, dated 5th March 1877, No. 1,521. As these stamps are not available for issue, the actual balance is still further reduced to Rupees 76,21,215-7-0, or nearly two years' sales. The minimum limit of balance of stock for districts has now been reached. Orders for denominations of stamps, which are comparatively seldom sold, raise up the aggregate value of balance in a district and tend to make it appear

	Rs.	A.	P.
Fasli 1281	10,76,942	2	0
Do. 1282	18,88,978	8	6
Do. 1283	3,78,167	2	0

excessive when, if scrutinised in detail, it really is not beyond the requirements of the district. In the margin are given the reductions effected since the Board first noticed the large balance with Collectors.

20. *Statement No.* 4.—Classing the total stamp revenue under two general heads, we have (1) the ordinary revenue comprising the receipts derived from the sale of stamps and duty collected on executed and unexecuted documents; and (2) extra revenue consisting chiefly of penalties, recoveries from pauper suits, and other miscellaneous receipts.

21. The following figures show the sales of different classes of stamps in fasli 1285 compared with those of the previous year:—

22. The sales of all descriptions of stamps inclusive of those affixed to

	Rs.	A.	P.
Fasli 1285	49,54,350	11	4
Do. 1284	49,03,080	15	4
	51,269	12	0

ments presented by private p amounted to Rupees 49,54,350-11 Rs. 51,269-12-0 in excess of fasli The increase occurred under eacl with the exception of Bills of Exc which have declined for several The falling off during the year report ma be chiefly attributed to the high rates of exchange and the depre of silver producing a greater dep in the state of trade than before; l as trade has been, the progressive of revenue from this source for five years would appear to indicat unknown special cause at wo produce this continuous decline.

	Rs.	A.	P.
Fasli 1281	50,490	15	0
Do. 1282	43,558	5	0
Do. 1283	43,432	9	0
Do. 1284	39,463	6	0
Do. 1285	36,578	6	0

23. In the sale of Non-Judicial stamped papers the increase is considerable, being nearly 50,000 Rupees. The increase occurs in almost every district, the exceptions being Tanjore, Madura, and Malabar, in which the sales have declined to the extent specified in the margin.

	Rs.	A.	P.
Tanjore	751	9	0
Madura	3,592	3	0
Malabar	1,834	5	0

The increase is probably due to the greater necessity for such transactions as loans, sales, and mortgages amongst the public during an adverse year.

24. The revenue from Receipt Stamps continues to show an improvement, but there is every reason to apprehend that this duty is considerably evaded; for instance, in the acknowledgment of remittances in the first person by letters through the Post and by other means without a Receipt Stamp, and again by the fraudulent use of old stamps and in various other ways.

25. The income from Bills of Lading is nearly the same as in the previous year, which showed a falling off compared with the year before.

	Rs.	A.	P.
Fasli 1283	2,666	8	0
Do. 1284	2,331	4	0
Do. 1285	2,339	8	0

26. Share Transfer Stamps show also an improvement. The transactions e as usual confined to the Presidency Town, 8 Annas in Kurnool being the exception.

27. It is most satisfactory to notice the important increase under Foreign Bills from Rupees 11,916-3-0 to Rupees 19,369-15-0. The revenue of the past five years is shown in the margin. Madras continues to represent almost the entire transactions. In Godavery and Tinnevelly there has been considerable improvement, whilst in the Malabar and a Districts there was a great falling off.

	Rs.	A.	P.
1281	11,799	5	0
1282	11,822	5	0
1283	12,496	11	0
1284	11,916	3	0
1285	19,369	15	0

8. The receipts from Special Adhesive Stamps and from the duty collected vate materials brought to be impressed declined by Rupees 10,396-2-0. This ase can only be accounted for by the general depression of all mercantile ictions. The duty realised under Sections 20 and 24 of Act XVIII of 1869 stamped and insufficiently stamped documents both by Collectors and Civil exhibits a slight falling off.

9. The revenue from Court Fees Stamps has continued to progress, though the increase over the previous year is but Rupees 8,313-9-6. The districts which exhibit an increase are shown in the margin. In Nellore, Cuddapah, and Tanjore, the revenue has declined for two successive years, whilst Madras, Arcot, Tinnevelly, Madura, and South Canara, in which there had been a off, show an improvement.

atam.	Trichinopoly.
	Tinnevelly.
ut.	Madura.
District.	Nilgiris.
rcot.	South Canara.

30. The receipts by the sale of Court Fees Stamps in the Stamp Office amounted to Rupees 78,350 against Rupees 88,981-10-0 in fasli 1284, but this falling off was more than counterbalanced by the sales of the Madras District.

31. *Extra Revenue.*—The receipts from sources other than the sale of stamps are detailed below :—

Items.	Fasli 1284.	Fasli 1285.	Increase.	Decrease.
	RS. A. P.	RS. A. P.	RS. A. P.	RS. A. P.

Total ...	3,87,644 2 11	2,24,715 4 5	8,142 0 5	1,71,670 14 11

35. The gross charges in Fasli 1285 were less by Rupees 1,62,928-14-6 than in the previous year, a result due to the very small quantity of English manufactured stamps received during the year, whilst on the other hand the cost of the very large quantity of new Non-Judicial and Special Adhesive Stamps received from England during the preceding year raised the charges for that period.

	RS. A. P.
1284	3,87,644 2 11
1285	2,24,715 4 5
	1,62,928 14 6

36. The decrease noticeable under establishment is due, as mentioned at raph 34 of my last year's report, to the large amount of deputation allowance in that year, whilst the saving of Rupees 3,648-6-3 in the Stamping Department irely due to the reduction of establishment consequent on the introduction of ew Non-Judicial Stamps of English manufacture which very materially ed the work in the establishment.

37. The item discount to vendors exhibits an increase of Rupees 4,092-5-4, which was due chiefly to the increased sale of stamps. The number of license vendors for the entire Presidency was 698; in the margin will be seen the numbers entertained in each district, ranging from 87 in Malabar to 2 on the Nilgiris. When to this number is added the numerous staff of ex-officio vendors (who receive no discount) in the persons of Tahsildars, Deputy Tahsildars, and other taluq officials, the facilities open to the public for obtaining stamps seem to have received the best attention.

* Board's Proceedings, dated 25th November 1875, No. 3,222.

38. Of charges necessitated by law, the refunds under Sections 13, 14, and 15 of the Court Fees Act and of Surplus Process Fees collected show an increase over the preceding year, the consequent result of an increased sale of Court Stamps; whilst refund of spoiled stamps under the General Stamp and Court Fees Acts show a large falling off, due to the operations of the Circular from the Government of India, dated 14th November 1875, No. 3,942.*

39. The decrease under Section of the General Stamp Act of stamps refunded is owing to the very large sum refunded during the previous year to Abkari Contractors on account of excess stamp duty erroneously paid by them.

40. The total charges as shown in the above statement amounted to Rupees 2,24,715-4-5 against Rupees 3,87,644-2-11 in the year before. The charges deducted from the gross revenue of Rupees 50,22,941-14-9 give a net result of Rupees 47,98,226-10-4. This is the highest income on record. The following table exhibits the results of the past ten years :—

	Gross Receipts.	Gross Charges.	Net Revenue.
	Rs.	Rs.	Rs.
Fasli 1276	30,56,646	2,12,603	28,44,043

42. The special Statements Nos. 5 and 6 were submitted with my letter, No. 1,700, dated 18th October 1876.

43. The report has been delayed owing to the lateness of the receipt of the annual returns from districts, the last being received only on the 22nd September, and also owing to the numerous references necessitated by discrepancies found in them.

ENCLOSURES Nos. 1 to 4.—Statements.

In the foregoing letter the Superintendent of Stamps reports on the operation of his department for Fasli 1285, or the year ending 30th June 1876. The usual tabular Statements illustrative of the results in detail accompany the report.

2. The two special statements of sales of stamps and of receipts and disbursements of the Stamp Department to be annually forwarded to the Government of India were submitted with Board's Proceedings, dated 7th December 1876, Miscellaneous No. 10,781, recorded in G.O., No. 34, dated 5th January 1877, Revenue Department. The discrepancies between the Superintendent's statement and those of the Accountant-General therein noticed have been since explained by the Superintendent. The transactions out of which they have arisen are somewhat complicated, and the information before the Board is still not sufficiently complete to enable them to adjust the discrepancies so as to bring about perfect agreement between the two. They will form therefore the subject of separate Proceedings. For the present the figures are taken from the Superintendent's report and special statements.

3. *Stamps in use.*—As in the preceding year there were on the whole nine descriptions of stamps in use. The following statement shows the number of values, also the maximum and minimum values, comprised in each of these descrip-
tions :—

Description of Stamps.	Number of Values available.	Minimum Value.	Maximum Value.
Judicial.			
1. Court Fees Stamped Papers	81	1 Rupee.	2,000 Rupees.
2. Do. Adhesive Stamps	21	1 Anna.	1,000 ,,
Non-Judicial.			
3. Stamped Papers	98	2 Annas.	1,600 ,,
4. Bills of Exchange	55	1 Anna.	120 ,,
5. Bills of Lading	1	4 Annas.	4 Annas.
6. Adhesive Revenue and Receipt Stamps ...	2	½ Anna.	1 Anna.
7. Foreign Bill Stamps	16	2 Annas.	24 Rupees.
8. Transfer Stamps	15	1 Anna.	20 ,,
9. Special Adhesive Stamps	26	1 ,,	1,000 ,,

4. *Transactions of the Superintendent.*—The balance of stock at the commence ment of the year amounted to Rupees 482,36,098-5-0, and the receipts during year were Rupees 50,76,251-7-0, making a total of Rupees 533,12,349-12-0. issues, including the supplies made to Coorg, Mysore, and to the Stamp Supe dents of Calcutta and Bombay, amounted to Rupees 60,65,089-5-0, leaving a bala at the end of the year of Rupees 472,47,260-7-0. Of this balance Rupees 1,02,0 represents the value of stamps forwarded to Collectors, but not acknowledged them within e year.

5. The ollowing is a comparative statement of receipts and issues by Superintendent under various heads for Faslis 1284 and 1285:—

Balance ...	482,36,098 5 0	472,47,260 7 0	— 9,88,837 14 0

...e net excess of stamps to the value of Rupees 19-2-0 is stated to have been discovered in the stock received ..., which has been duly brought to account by the Superintendent.

The special supplies drawn from Calcutta and Bombay out of the surplus those Presidencies, in accordance with the instructions of the Govern- India (G.O., dated 5th October 1875, No. 1,461) account for the smaller rom England, and the decrease in receipts on the whole is due to larger hand at the close of the previous year. The increase in issues in the e, on the other hand, is due to the transfer to Calcutta, in pursuance of uctions above quoted, of such stamps of particular descriptions as had ted in this Presidency beyond its requirements, and to larger issues to nd Coorg.

7. *Transactions of Collectors.*—The balance in the Collectorate Treasuries at the beginning of the year was Rupees 151,67,396-11-0, which, added to the receipts during the year, made up an aggregate of Rupees 192,38,214-3-0. Sales and issues amounted to Rupees 50,26,140-2-0, leaving at the close of the year a balance of Rupees 142,12,074-1-0 as detailed in the subjoined table :—

Items.	Fasli 1284.			Fasli 1285.

Balance ...	151,67,396	11	0	142,12,074		

Note.—The excess of 8 Annas found in the stock is reported to have been found in South Arcot, and is supp attributable to short issues to licensed vendors.

8. Out of the amount of Item No. 4 under sales and issues, Rupees 82- stated to represent the value of stamps issued in lieu of those returned by v in Fasli 1284; but the Board observe from paragraph 14 of the Superinte report for that year that the difference between the value of stamps retur vendors and the amount made good to them in stamps and cash was Rupees The Superintendent is requested to report how the balance, Rupees 2- been adjusted.

9. The Board agree with the Superintendent that the value of stamps advanced to the vendor at Rajahmundry under Board's Proceedings, dated 30th June 1875, Miscellaneous No. 5,896, should not have been written off, but have been included in the Collector's stock until the stamps were accounted for; but the Superintendent has committed an error with respect to these stamps in excluding their value from the stamp revenue for the year while including it under issues.

10. The value of stamps, Rupees 6,010, returned to the Superintendent as shown in the above abstract differs slightly from that given in the table of Superintendent's transactions as value of stamps returned from districts; and this difference, Rupees 7-15-0, is stated* to represent the value of embossed stamps returned to the Stamp Office by the Collector of Ganjam under Board's Proceedings, dated 5th April 1876, No. 925. The Board are unable to understand why the amount was not included in the Collector's account under the head of stamps returned to the Superintendent. The Collector is requested to explain.

* Paragraph 6 of Superintendent's report.

11. A sum of Rupees 1,851-14-6 has been written off in Bellary, being the of stamps embezzled by the Nazir of the Civil Court, as he has absconded annot be traced—*Vide* G.O., No. 2,557, dated 4th December 1875.

12. It is satisfactory to note that by a careful adjustment of supplies to pro- requirements, and by transfers from one district to another of surplus as it d to accumulate, the stocks in the districts have been considerably reduced. ggregate of district balances which at the commencement of Fasli 1281 stood pees 192,57,810 amounted at the end of Fasli 1285 to only Rupees 15-7-0, exclusive of Rupees 65,90,858-10-0, the value of Court Fee Impressed put away and soldered in tin-lined cases, their use having been prohibited Government of India—*Vide Fort St. George Gazette*, dated 16th March 1875, 4. The Superintendent rightly observes, with respect to this actual stock, mps of higher values which are seldom sold, but which have yet to be kept to meet possible demands, unavoidably raise the stocks to an extent larger uld appear to be necessary. The Board desire that the Superintendent future append a short abstract in the form given below to show the sales the year and the stock at its close divided between stamps of the value of 50 and upwards and those of lesser values :—

Districts.	Sales.				Stock.			
	From and above 50 Rupees.		Under 50 Rupees.		From and above 50 Rupees.		Under 50 Rupees.

In the General Stamp Office.	15,03,167	8	0

14. *Stamp Revenue.*—The Board observe that in the case of district transactions there is no agreement between the returns submitted by the Superintendent of Stamps and the Collectors' Jamabandi Statements as will be seen by the figures shown in the margin. Of the difference of Rupees 503 in the total, Rupees 500 consist apparently of the value of stamps advanced to a vendor at Rajahmundry as mentioned in paragraph 9 above, which, while it was credited by the Collector to receipts in his Jamabandi accounts, has not been so credited in the returns rendered by him to the Superintendent. The remaining Rupees 3 consist presumably of excess gained in rounding fractions in Collectors' statements. The want of correspondence in the detail is due evidently to a divergence in the arrangement of component items, and the Board are unable to see any reason for this divergence, as the Superintendent's returns, so far as they refer to district transactions,

Receipts of Stamps in the Districts in Fasli 1285 *in Rupees.*

piled from those furnished to him by Collectors. An examination of the items shown under "Miscellaneous" in Jamabandi Statement No. 5 s various inconsistencies. These should be avoided in future by strict ce on the part of Collectors to the same classification in both the Jamabandi ts and the returns rendered to the Superintendent of Stamps; and the ould communicate to Collectors any transfers he may find it necessary to

The arrangement adopted by the Superintendent in his report is itself isfactory as it might be, the two main heads "Court Fees" and "Non-" not being clearly distinguished. The Board desire that he will hereafter his report the arrangement indicated in the table appended to the paralowing, distinguishing the miscellaneous items appertaining severally to main heads; using the information now before them, the Board are separate those appertaining to "Court Fees" in detail for the several Collectors will insert a similar table in their Jamabandi reports in future.

As the figures are now placed before them, the Board find it useless to to reconcile the two sets of returns; they base, therefore, their review of ctions of the past year on the figures appearing in the Superintendent's its accompaniments. The latter are distributed under the several heads :—

			1,88,738 9 11	10,631 10 0	+

The Superintendent of Stamps offers no remarks on these variations, and the reason generally assigned by Collectors in their Jamabandi reports is increase or decrease of litigation. It is only in three districts, viz., Madras, South Arcot, and Godavery, that special causes affecting the revenue under this head have been mentioned. In Madras, the High Court was adjourned twice in the previous year; but the increase in Collector's sales during the year under review, viz., Rupees 26,406, is counterbalanced to the extent of Rupees 10,631, by a decrease in those of the Superintendent of Stamps. The decrease of Rupees 7,568 in South Arcot is ascribed to the fact of the office of the Judge of the Small Cause Court having remained vacant during a part of the year. In Godavery certain suits of exceptional importance were instituted in the previous year, and the absence of such during the year under review accounts for a decrease of Rupees 11,819. The falling off in Tanjore (Rupees 21,289), and the increase in South Canara (Rupees 16,961) are considerable, but the Collectors of those districts assign no special reasons.

19. The fact, as it seems to the Board, is that concurrently with the advance of education and the general progress of the country there is a general tendency towards an increase of litigation. This they believe to be perceptible in all cases where special and local causes have not operated to diminish the sale of Court Fee Stamps.

20. *Revenue from Non-Judicial Stamps.*—In the sales of Non-Judicial Stamps there is an increase of Rupees 61,543 distributed in small sums over all the districts except Madura and Malabar, which exhibit a small decrease each. The districts in which the increase is most conspicuous are Godavery, Bellary, and Madras, the last including sales by the Superintendent of Stamps. The reasons generally assigned are increased activity of trade and monetary transactions, as well as better acquaintance with the law and stricter compliance with its provisions on the part of the public. The only special reason given is the renewal of the Abkari contracts, which necessitated the renewal of a large number of agreements by persons engaged by renters to sell country liquors. This circumstance is noticed by the Collectors of Bellary and South Arcot only, but it applies to all districts alike. On the whole, the Board are disposed to think that the steadily increasing revenue under this head is due chiefly to the last of the general reasons above enumerated. The decrease in Madura and Malabar is small, and calls for no remark.

Revenue under the head Non-Judicial.

		Rs.
Fasli	1280	15,61,927
Do.	1281	16,21,349
Do.	1282	16,71,377
Do.	1283	16,34,667
Do.	1284	16,84,808
Do.	1285	17,38,395

21. *Component Items of Non-Judicial Stamps.*—A reference to the component items of Non-Judicial Stamps shows that there is an increase in every one except Bills of Exchange, which exhibits a small decline. The Superintendent of Stamps considers that the decrease in the sale of Bills of Exchange Stamps during the year under review may be attributed chiefly to the depression of trade consequent on the depreciation of silver and the high rates of exchange; but looking to the progressive decline therein for the last five years, he also expresses an apprehension that some unknown special cause is at work. The general statistics of Stamp revenue, however, do not bare out these conjectures, and the Board are inclined to think that the diminished sales of this particular description of stamps is due to the more extended use of paper currency for purposes of remittances. It is to be observed that the small decrease in the sales of these stamps is far more than covered by the large increase in Foreign Bill and Revenue Adhesive Stamps, and there can be little doubt that Foreign Bill Stamps have to some extent at least displaced the ordinary Bills of Exchange Stamps in consequence of measures having been adopted to apprise the public that special stamps are available for Foreign Bills of Exchange. As pointed out by the Board in their Proceedings marginally noted, there is nothing in the existing law to compel the use of distinctive stamps for this purpose, and evidently ordinary Bills

Dated 4th January 1875, No. 10, in G.O., dated 12th February 1875, No. 227.
Dated 3rd March 1876, No. 608, in G.O., dated 6th April 1876, No. 835.

of Exchange Stamps were being used until the attention of the public was specially directed to a particular description of stamps.

22. The increase on the whole in the sale of stamps for mercantile transactions and in Non-Judicial Stamps generally confirms the view expressed by the Board in the concluding part of paragraph 20 that the requirements of the law are now being more strictly complied with. The decrease, small though it is, in the item of duty levied on unstamped and insufficiently stamped instruments under Sections 20 and 24 of the General Stamp Act is in consonance with this view. The decrease in the item of stamps impressed by the Superintendent on unstamped documents presented by private parties is more than made up for by the increase in general sales of Non-Judicial Stamps. The other items under the head Miscellaneous require no particular remark.

23. *Charges.*—The charges of the Stamp Department under the various heads amounted in the aggregate to Rupees 2,24,715 against Rupees 3,87,644 in the previous year as shown in the subjoined table. The decrease, viz., Rupees 1,62,929, occurs chiefly under the head "Working charges" and "Refunds of the value of unused and spoiled stamps." The decrease under the head first mentioned arises from the fact that in the previous year very large supplies of both Impressed and Special Adhesive Stamps were received from England, and the charges incurred on that account were consequently exceptionally heavy. On the other hand, the supplies obtained during the year under review were more than ordinarily small, and the difference in this respect alone amounts to Rupees 1,40,125 as shown in the margin. The refunds on account of unused and spoiled stamps are in their nature variable and uncertain. The variations under other heads are fully explained in paragraphs 36 to 39 of the Superintendent's report, and call for no particular remark.

	21

recorded in Board's Proceedings, No. 2,890, dated 16th October 1875. After the receipt of the above Proceedings the sales were shown under "Non-Judicial."

SUBMITTED for the information of Government in continuation of Board's Proceedings, dated 29th May 1877, No. 2,467.

(A true Copy and Extract.)

(Signed) C. D. MACLEAN,
Additional Sub-Secretary.

No. 121.

ORDER THEREON, 15th October 1877, No. 3,107.

Separate Revenue, No. 12.
Stamps.

IN these Proceedings the Board report upon the operations of the Stamp Department during fasli 1285 (1875-76). The Stamp revenue which 10 years since was 68 per cent. lower than at present, reached during the year under review the highest figure ye recorded, and brought in a *net* revenue of Rupees 47,98,227.

2. The *gross* receipts of the year under review amounted to Rupees 5 0,22,94 The subjoined comparative abstract shows the particulars of receipts from sales the different descriptions of stamps and other sources :—

	Fasli 1284.	Fasli 1285.	Increase.	Decrease
Court Fees {Impressed	8,22,216	21	...	8,22,1
Court Fees {Adhesive	23,40,456	32,15,934	8,75,478	...
Non-Judicial Stamps	14,56,002	15,05,871	49,869	...
Mercantile and Revenue Stamps	1,01,351	1,15,782	14,431	...
Duty on impressed Stamps, &c.	1,83,056	1,16,742	...	66,31
Miscellaneous receipts	64,484	68,592	4,108	...
Total ...	49,67,565	50,22,942	9,43,886	8,88,5
Net Increase ...	...	...	55,377	...

3. The actual *sale* of Court Fee Stamps realised Rupees 53,283 more than in t previous year, but owing to the inclusion in fasli 1284 under this head of Rup 55,601 collected in the Stamp Office on documents presented by private part under the Court Fees Act this nominal increase is absorbed, and the result is a decrease of Rupees 2,318 in the revenue from Court Fees in fasli 1285.

The prohibition of the use of impressed Court Fee Stamps which was in fo throughout the year accounts for the revenue from Court Fees being confi exclusively to sales of adhesive stamps, the small sum entered under "Impresse is as explained in the second of the papers above recorded, the value of prin blank forms of guarantee bonds stamped, erroneously credited to "Court Fe instead of to "Non-Judicial" Stamps.

4. The Court Fees revenue was not on the whole as large during the yea might have been expected from the general progress of the country. Notw standing increases in certain distr from special causes, as for instanc Madras by the shorter adjournm of the High Court in fasli 1285, decreases marginally noted are pro nent in others, and fuller explana of the causes which produced this result should have been given. The decr n Tanjore deserves special scrutiny.

Kistna	4,560
Cuddapah	7,272
Tanjore	21,289
Coimbatore	11,163
Salem	10,442

5. The sales of Non-Judicial Stamps, including Revenue and Mercantile Stamps, show (excluding the Stamp Office) an increase of Rupees 64,300 which is satisfactory. It is spread over almost all the districts; the only exceptions being Madura and Malabar which show a small decrease. The Board attribute the increase under this head to evasions of the law being less frequent and to improved knowledge among the public of its provisions.

	Decreases.
Madura	3,729
Malabar	1,312

6. The Government observe that while the revenue from the sales of Bill of Exchange Stamps has fallen off by Rupees 2,885,* that from Foreign and Revenue Stamps has increased by Rupees 16,491. The former result is ascribed to the more extended use of Paper Currency, as well as of Foreign Bill Stamps which are now more

	Rs.	A.	P.

Fasli 1284	57,173	0	0
Do. 1285	73,664	0	0

rally employed in transactions in which formerly Bills of Exchange alone utilised.

7. The duty on impressed stamps, &c., shown in the above abstract, includes ees 55,601 collected in fasli 1284 in the Stamp Office under the provisions of Court Fees Act as already explained; excluding this item, the revenue from duty d on unstamped and insufficiently stamped documents shows a decrease of 10,000 Rupees. The Board consider this to be a further indication of stricter iance with the requirements of the law.

The charges of the Stamp Department amounted to Rupees 2,24,715 st Rupees 3,87,644 in fasli 1284. The decrease is mainly attributable to the sity for large supplies of stamps from England having been obviated during the by the special arrangements made for transfers to Madras from Calcutta and ay of Surplus stock in those Presidencies. The Government observe with action that measures were taken during the year to adjust similarly within Presidency the stocks in the several districts so as to prevent large accumula- s in excess of requirements.

Proceedings of the Madras Government

№ 3107 15-10-77 Read Board's Proceedings dated 29 May 1877 № 2467

Also — do — Do - d/10 September 1877 Mis: № 12409.

In these Proceedings the Board report upon the operations of the Stamp Department during Fasli 1285 (1875-76). The Stamp Revenue which 10 years since was 68 per cent lower than at present, reached during the year under review the highest figure yet recorded and brought in a net sum of Rs 47,98,227 to the exchequer.

The

2. The gross receipts of the year under review amounted to Rs 50,22,942. The subjoined comparative abstract shews the particulars of receipts from sales of the different descriptions of Stamps and their sources.

		Fl 1284	Fl 1285	Increase	Decrease
Court fees	Impressed	8,22,216	21 "	"	8,22,195
	Adhesive	23,40,456	32,16,934	8,76,478	"
Non Judicial Stamps		14,56,002	15,05,871	49,869	"
Mercantile and Revenue Stamps		1,01,331	1,15,762	14,431	"

Miscellaneous receipts		64,484	68,592	4,108	"
Total		49,67,565	50,22,942	9,43,886	8,88,509
Net increase				55,377	

3. The actual sale of Court fee stamps realized Rs 53,283 more than in the previous year. but owing to the inclusion in Fl 1284 under this head of Rs 55,601 collected in the Stamp Office

Office on documents presented by private parties under the Court fees act this nominal increase is absorbed and the result is a net decrease of Rs 2,318 in the revenue from Court fees in Fl 1285.

The prohibition of the use of impressed Court fee Stamps which was in force throughout the year, accounts for the revenue from Court fees being confined exclusively to sales of adhesive stamps. The small sum entered under "Impressed" is, as explained in the second of the papers above recorded, the value of printed blank forms of guarantee bonds stamped, erroneously credited to "Court fees" instead of to "Non-judicial" Stamps.

4 The Court fees revenue was not on the whole

As

as satisfactory during the year as might have been expected from the general progress of the country. Notwithstanding increases in certain districts from special causes, as for instance in Madras by the shortened adjournment of the High Court in Fasli 1285, the decreases marginally noted are prominent in this, and fuller explanation of the causes which produced this result should have been given. The decrease in Tanjore deserves especial scrutiny.

5. The sales of non-judicial stamps including revenue and mercantile stamps show (excluding the Stamp Office) an increase of Rs 64,200 which is satisfactory. It is spread over almost all districts, the only exceptions being Madura and Malabar which show a small decrease. The Board attribute the increase under this head to evasions of the law being less frequent, and to improved knowledge among the public of its provisions.

The Government observe that while the Revenue from the sales of Bills of exchange stamps has fallen off by Rs 2885, that from foreign and Revenue stamps

	Increases.

F. 1284 57173
F. 1285 73,664

stamps has increased by Rs 16,491. The former result is ascribed to the more extended use of Rupee currency, as well as of Foreign bill stamps which are now more generally employed in transactions in which formerly bills of exchange above were utilized.

7. The duty on impressed stamps Rs shown in the above abstract, includes Rs 55,601 collected in F 1284 in the stamp office under the provisions of the Court fees Act as already explained excluding this item, the revenue from duty levied on unstamped and insufficiently stamped documents shows a decrease of over 10000 Rs. The Board consider this to be a further indication of stricter compliance with the requirements

7

of the Law.

8 The charges of the Stamp Department amounted to Rs. 2,24,715 against 387,644 in F. 1384. The decrease is mainly attributable to the necessity for large supplies of stamps from England having been obviated during the year by the special arrangements made for the transfer to Madras from Calcutta and Bombay of the surplus stocks of those Presidencies. The Govt. observe with satisfaction that measures were taken during the year to adjust similarly within this Presidency the stocks in the several Districts so as to prevent the accumulations considerably in excess of requirements.

The

The Govt. observe that the stamp returns rendered by the Collectors to the Board of Revenue, Superintendent of Stamps and the Accountant General differ widely from each other. It is most important that accounts rendered to Central Offices should be prepared with scrupulous care and [illegible] and the matter deserves the particular attention of the Board of Revenue. The Govt. trust that the Board's instructions will lead to these defects being speedily remedied.

They await the report promised in para 2 of the Proceedings above recorded.

The usual abstract statements of receipts and charges are appended.

Stamp Report for
1875-76.

Mis. No. 12409. Revenue Department

Proceedings of the Board of Revenue
Dated 10th September 1877.

Read the following:—

No. 928

From

R. J. Melville, Esqre
Y. f. Collr of Madras.

To

C. A. Galton. Esqre
Secy to the Bd of Revenue

Sir

With reference to para 18 of the Board's Proceedings No. 2467, dated 29th May 77. I have the honor to state that the sum of Rs 21 therein referred to is the value of printed blank forms (on Stamped paper) of guarantee bonds, the sale

July 1876 Rs 19
August 75 1
Septr 75 1
21

Contents No. 15 of 1877 119-121

sale of which was shown under the
head "Court Fees" as reported in
para of this Office letter No. 298
dated 24th Septr 1875 recorded
in Boards Proceedings No. 2890
dated 18th October 1875. After
the receipt of the above Proceed-
ings the sales were shown under
"Non Judicial".

No. 2,467.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 29th May 1877.

Read the following letter from W. E. WRIGHT, Esq., Superintendent of Stamps, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 21st December 1876, No. 2,073 :—

I HAVE the honor to submit my report on the operations of the Stamp Department for the past Fasli 1285 ending the 30th June 1876, together with the usual explanatory statements, four in number.

2. The first of the Statements, No. 1, exhibits the transactions of the Stamp Office, the particulars of which are shown in the subjoined abstract of that statement.

3. The opening balance at the beginning of the fasli amounted to Rupees 482,36,098-5-0. Subsequent receipts raised the stock to Rupees 533,12,349-12-0. The gross issues of the year amounted to Rupees 60,65,089-5-0; the balance at the end of the fasli was thus reduced to Rupees 472,47,260-7-0, which includes an inefficient balance of Rupees 1,02,095, the value of stamps despatched but not acknowledged by Collectors within the year.

4. The total value of stamps received during the year is less than that of Fasli 1284, owing to the small quantity of Non-Judicial and Adhesive Stamps imported from England during the period.

5. Under instructions conveyed in a Despatch of the Government of India to the Chief Secretary to the Government of Bombay, dated 20th September 1875, No. 3,389, previous to the submission of indents to the Home Government, an arrangement was made to dispose of excess stock in the three Presidencies, by which stamps to the value of Rupees 30,86,512 were received at this office from Calcutta and Bombay, and similarly stamps valued at Rupees 15,25,682-8-0, were transferred from this to Calcutta.

	Rs.
From Calcutta	7,46,490
" Bombay	23,40,022
Total ...	30,86,512

6. Out of the sum of Rupees 6,017-15-0 shown as stamps returned from districts and sent to this office from Ganjam under Board's Proceedings dated 6th April 18-6, No. 925. The actual value of stamps returned from the stock in the districts as obsolete and useless amounts to Rs. 4,010 only, which corresponds with the entry shown in the abstract of Statement No. 2 at the foot of paragraph 11.

7. On examination of the contents of the cases of the new Non-Judicial Stamps received from England, an aggregate excess of Rupees 27-14-0 in some and a deficiency of Rupees 8-12-0 in others were discovered. The excess of Rupees 27-14-0 in the above case was duly brought on the accounts. The two items will be found in the above abstract.

8. The total value of stamps supplied on indents to districts is stated to Rupees 38,98,319-11-0, corresponding with the entry in the abstract of Statement No. 2 at the foot of paragraph 11, showing the value of stamps received by the Collectors. The value of stamps supplied to the Mysore Government and Coorg, as also to Her Majesty's Treasury at Bangalore, for use in the Court of the Judicial Commissioner amounted to Rupees 5,87,748-13-0. No revenue as usual was derived from these and Coorg, but the cost price of the stamps issued to the Mysore Government has been received and credited.

9. Non-Judicial Stamps of English manufacture sent to Government as specimen stamps as per their requisition, dated 31st March 1876, No. 587, and value of the amount amounted to Rupees 71-14-0.

10. Stamps to the value of Rupees 6,456-12-0 sent to the Board for destruction and written off as per their orders Board's Proceedings, 28th January 1876, Mis. No. 887 and Board's Proceedings, 6th May 1876, Mis. No. 3,723 are particularized in the Statement No. 2, an abstract of which is given below:—

12. The balance of stock with Collectors at the beginning of the fasli amounted to Rupees 151,67,396-11-0, and at its close to Rupees 142,12,074-1-0 or Rupees 9,55,322-10-0 less.

13. The excess of 8 Annas credited under Court Fee Stamps occurred in the South Arcot District, and is ascribed to be due to the probable short issue to that extent to the licensed vendors of Ooloondoorpett who made purchases from that depot, but no complaint of such short issue having been made the excess was credited in the accounts.

14. The total value of stamps transferred from one district to another in order to reduce the surplus stock still remaining in some of them amounted to Rupees 2,45,162-15-0, and includes Rupees 13,611-2-0 supplied to Coorg.

15. In lieu of stamps returned by vendors, stamps have been issued to them amounting to Rupees 870-1-0. Of this amount, a sum of Rupees 82-2-0 represents the value of stamps issued in lieu of those returned in Fasli 1284, forming part of the item referred to in paragraph 14 of my last report. The actual value of stamps thus issued against Rupees 870-15-0 shown as returned by vendors during the fasli amounts only to Rupees 787-15-0, the difference, Rupees 83, having been refunded in cash *minus* the usual discount.

16. The transfer to the extent of Rupees 66 from "Court Fees" to "Non-Judicial Stamped Papers" occurred in the Madras District with reference to the sale of certain guarantee stamps. These stamps, red and black bi-color, had hitherto been included in the Collector's accounts under the head of Court Fees Stamps, the word "Court Fees" having been marked on them under G.O., 6th May 1870, No. 653, which directed that all stamps for use under the new Act (Court Fees) should be thus marked. The Board in their Proceedings, dated 16th October 1875, No. 2,890, pointed out that the order was not applicable to guarantee bonds, and directed that the use of the red and black bi-color stamps should at once be discontinued.

17. Stamps to the value of Rupees 1,851-14-6 were written off in Bellary under G.O. of the 4th December 1875, No. 2,557, being the amount embezzled by the Nazir of the Civil Court whose whereabouts have not yet been discovered.

18. The sum of Rupees 500 is written off in the accounts of the Godavery District as the value of stamps advanced to a vendor at Rajahmundry under the Proceedings of the Board of Revenue, dated the 30th June 1875, No. 5,896, instead of being exhibited under the head "Inefficient Balance", distinct from the stamps advanced to Tahsildars. The value of stamps thus supplied should stand included in the Collector's stock, and when their sale has been accounted for their value should be included in the value of stamps sold.

19. It will be observed that at the close of the fasli the stock in the districts was greatly reduced. Indents from the Treasury officers continue to require strict scrutiny, but they are all more carefully prepared, some very carefully and do not now include large demands for denominations of stamps of which there are four or five years' supply already in the district. The transfers from one district to another already alluded to were made from such surplus stock as that just mentioned. Further transfers, except to relieve Collectors of certain denominations of stamps for which little or no demand exists, are not possible. As it stood at the close of the fasli the value of stock in the districts, which in Fasli 1280 was reported to be more than five times the sales of that year, was less than three times that of the past Fasli 1285, and the present stock includes Rupees 65,90,858-10-0 worth of Court Fees *Impressed* Stamps put away and soldered in tin-lined cases, their use being prohibited by the Government of India in their Despatch, dated 5th March 1875, No. 1,521. As these stamps are not available for issue, the actual balance of stock is still further reduced to Rupees 76,21,215-7-0, or nearly two years' sales. I think the minimum limit of balance of stock for districts has now been reached. The higher demonstrations of stamps, which are comparatively seldom sold, raise and keep up the aggregate value of balance in a district and tend to make it appear excessive when, if scrutinized in

	Rs.	A.	P.
Fasli 1281	10,76,942	2	0
Do. 1282	18,88,978	8	6

detail, it really is not beyond the requirements of the district. In the margin are given the reductions effected since the Board first noticed the large balance with Collectors.

20. *Statement No. 4.*—Classing the total Stamp revenue under two general heads, we have (1) the ordinary revenue comprising the receipts derived from the sale of stamps and duty collected on executed and unexecuted documents, and (2) extra revenue consisting chiefly of penalties, recoveries from pauper suits, and other miscellaneous receipts.

21. The following figures show the sales of different classes of stamps in Fasli 1285 compared with those of the previous year:—

Items.	Fasli 1284.	Fasli 1285.	Increase.	Decrease.

„ Amount received in the districts for stamp duty on executed documents through Courts	4,118 13 0	3,979 13 10	... ...	138 15 2
Total ...	2,16,435 8 4	1,95,091 14 10	... ...	21,343 9 6
Grand Total ...	49,03,080 15 4	49,54,350 11 4	75,498 5 6	24,228 9 6

22. The sales of all descriptions of stamps inclusive of those affixed to documents presented by private parties amounted to Rupees 49,54,350-11-4 or Rs. 51,269-12-0 in excess of Fasli 1284. The increase occurred under each head with the exception of Bills of Exchange which have declined for several years. The falling off during the year under report may be chiefly attributed to the high rates of exchange and the depreciation of silver producing a greater depression in the state of trade than before; but bad as trade has been, the progressive decline of revenue from this source for the last five years would appear to indicate some unknown special cause at work to produce this continuous decline.

	Rs.	A.	P.
Fasli 1285	49,54,350	11	4
Do. 1284	49,03,080	15	4
	51,269	12	0

	Rs.	A.	P.
Fasli 1281	50,490	15	0
Do. 1282	43,558	5	0
Do. 1283	43,432	9	0
Do 1284	39,463	6	0
Do. 1285	36,578	6	0

23. In the sale of Non-Judicial stamped papers the increase is considerable, being nearly 50,000 Rupees. The increase occurs in almost every district, the exceptions being Tanjore, Madura, and Malabar, in which the sales have declined to the extent specified in the margin.

	Rs.	A.	P.
Tanjore	751	9	0
Madura	3,592	3	0
Malabar	1,834	15	0

The increase is probably due to the greater necessity for such transactions as loans, sales and mortgages amongst the public during an adverse year.

24. The revenue from Receipt Stamps continues to show an improvement, but there is every reason to apprehend that this duty is considerably evaded; for instance, in the acknowledgment of remittances in the first person by letters through the post and by other means without a Receipt Stamp, and again by the fraudulent use of old stamps and in various other ways.

	Rs.	A.	P.
Fasli 1283	2,666	8	0
Do. 1284	2,331	4	0
Do. 1285	2,339	8	0

25. The income from Bills of Lading is nearly the same as in the previous year, which showed a falling off compared with the year before.

26. Share Transfer Stamps show also an improvement. The transactions were as usual confined to the Presidency Town, 8 Annas in Kurnool being the only exception.

27. It is most satisfactory to notice the important increase under Foreign Bills from Rupees 11,916-3-0 to Rupees 19,369-15-0. The revenue of the past five years is shown in the margin. Madras continues to represent almost the entire transactions. In Godavery and Tinnevelly there has been considerable improvement, whilst in the Malabar and Kistna Districts there was a great falling off.

	Rs.	A.	P.
Fasli 1281	11,799	5	0
Do. 1282	11,822	5	0
Do. 1283	12,496	11	0
Do. 1284	11,916	3	0
Do. 1285	19,369	15	0

28. The receipts from Special Adhesive Stamps and from the duty collected on private materials brought to be impressed declined by Rupees 10,396-2-0. This decrease can only be accounted for by the general depression of all mercantile transactions. The duty realized under Sections 20 and 24 of Act XVIII of 1869 on unstamped and insufficiently stamped documents both by Collectors and Civil Courts exhibits a slight falling off.

29. The revenue from Court Fees Stamps has continued to progress, though the increase over the previous year is but Rupees 8,313-9-6. The districts which exhibit an increase are shown in the margin. In Nellore, Cuddapah, and Tanjore the revenue has declined for two successive years, whilst Madras, North Arcot, Tinnevelly, Madura, and South Canara, in which there had been a falling off, show an improvement.

Vizagapatam.
Bellary.
Chingleput.
Madras District.
North Arcot.
Trichinopoly.
Tinnevelly.
Madura.
Nilgiris.
South Canara.

30. The receipts by the sale of Court Fees Stamps in the Stamp Office amounted to Rupees 78,350 against Rupees 88,981-10-0 in Fasli 1284, but this falling off was more than counterbalanced by the sales of the Madras District.

31. *Extra Revenue.*—The receipts from sources other than the sale of stamps are detailed below :—

Items.	Fasli 1284.	Fasli 1285.	Increase.	Decrease.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Penalties	46,845 10 3	47,393 8 6	547 14 3	... ...

Total ...	3,87,644 2 11	2,24,715 4 5	8,142 0 5	1,71,070 14 11

35. The gross charges in Fasli 1285 were less by Rupees 1,62,928-14-6 than in the previous year, a result due to the very small quantity of English manufactured stamps received during the year, whilst on the other hand the cost of the very large quantity of new Non-Judicial and Special Adhesive Stamps received from England during the preceding year raised the charges for that period.

	Rs.	A.	P.
Fasli 1284	3,87,644	2	11
Do. 1285	2,24,715	4	5
	1,62,928	14	6

36. The decrease noticeable under establishment is due as mentioned at paragraph 34 of my last year's report to the large amount of deputation allowance paid in that year, whilst the saving of Rupees 3,648-6-3 in the Stamping Department is entirely due to the reduction of establishment consequent on the introduction of the new Non-Judicial Stamps of English manufacture which very materially reduced the work in the establishment.

37. The item discount to vendors exhibits an increase of Rupees 4,092-5-4, which was due chiefly to the increased sale of stamps. The number of license vendors for the entire Presidency was 698; in the margin will be seen the numbers entertained in each district, ranging from 87 in Malabar to two on the Nilgiris. When to this number is added the numerous staff of ex-officio vendors (who receive no discount) in the persons of Tahsildars, Deputy Tahsildars, and other taluq officials, the facilities open to the public for obtaining stamps seem to have received the best attention.

*Board's Proceedings, dated 25th November 1875, No. 3,222.

39. The decrease under Section 4 of the General Stamp Act of stamp duty refunded is owing to the very large sums refunded during the previous year to Abkari Contractors on account of excess stamp duty erroneously paid by them.

40. The total charges as shown in the above statement amounted to Rupees 2,24,715-4-5 against Rupees 3,87,644-2-11 in the year before. The charges deducted from the gross revenue of Rupees 50,22,941-14-9 give a net result of Rupees 47,98,226-10-4. This is the highest income on record. The following table exhibits the results of the past ten years:—

	Gross Receipts.	Gross Charges.	Net Revenue.
	Rs.	Rs.	Rs.
Fasli 1276	30,56,646	2,12,603	28,44,043

42. The special Statements Nos. 5 and 6 were submitted with my letter, No. 1,700, dated 18th October 1876.

43. The report has been delayed owing to the lateness of the receipt of the annual returns from districts, the last being received only on the 22nd September, and also owing to the numerous references necessitated by discrepancies found in them.

ENCLOSURES Nos. 1 to 4.—Statements.

In the foregoing letter the Superintendent of Stamps reports on the operation of his department for Fasli 1285, or the year ending 30th June 1876. The usual Tabular Statements illustrative of the results in detail accompany the report.

2. The two special statements of sales of stamps and of receipts and disbursements of the Stamp Department to be annually forwarded to the Government of India were submitted with Board's Proceedings, dated 7th December 1876, Miscellaneous No. 10,781, recorded in G.O., No. 34, dated 5th January 1877, Revenue Department. The discrepancies between the Superintendent's statement and those of the Accountant-General therein noticed have been since explained by the Superintendent. The transactions out of which they have arisen are somewhat complicated, and the information before the Board is still not sufficiently complete to enable them to adjust the discrepancies so as to bring about perfect agreement between the two. They will form therefore the subject of separate Proceedings. For the present the figures are taken from the Superintendent's report and special statements.

3. *Stamps in use.*—As in the preceding year there were on the whole nine descriptions of stamps in use. The following statement shows the number of values, as also the maximum and minimum values, comprised in each of these descriptions:—

Description of Stamps.	Number of values available.	Minimum value.	Maximum value.
Judicial.			
1. Court Fees Stamped Papers	81	1 Rupee.	2,000 Rupees.
2. Do. Adhesive Stamps	21	1 Anna.	1,000 „
Non-Judicial.			
3. Stamped Papers	98	2 Annas.	1,600 „
4. Bills of Exchange	55	1 Anna.	120 „
5. Bills of Lading	1	4 Annas.	4 Annas.
6. Adhesive Revenue and Receipt Stamps ...	2	½ Anna.	1 Anna.
7. Foreign Bill Stamps	16	2 Annas.	24 Rupees.
8. Transfer Stamps	15	1 Anna.	20 „
9. Special Adhesive Stamps	26	1 „	1,000 „

4. *Transactions of the Superintendent.*—The balance of stock at the commencement of the year amounted to Rupees 482,36,098-5-0, and the receipts during the year were Rupees 50,76,251-7-0, making a total of Rupees 533,12,349-12-0. The issues, including the supplies made to Coorg, Mysore, and to the Stamp Superintendents of Calcutta and Bombay amounted to Rupees 60,65,089-5-0, leaving a balance at the end of the year of Rupees 472,47,260-7-0. Of this balance Rupees 1,02,095 represents the value of stamps forwarded to Collectors but not acknowledged by them within the year.

5. The following is a comparative statement of receipts and issues by the Superintendent under various heads for Faslis 1284 and 1285:—

	Fasli 1284.	Fasli 1285.	Difference.

Balance ...	482,36,098 5 0	472,47,260 7 0	— 9,88,837 14 0

Note.—The net excess of stamps to the value of Rupees 19-2-0 is stated to have been discovered in the stock received from England which has been duly brought to account by the Superintendent.

6. The special supplies drawn from Calcutta and Bombay out of the surplus stocks of those Presidencies, in accordance with the instructions of the Government of India (G.O., dated 5th October 1875, No. 1,461), account for the smaller receipts from England, and the decrease in receipts on the whole is due to larger stock on hand at the close of the previous year. The increase in issues in the aggregate, on the other hand, is due to the transfer to Calcutta, in pursuance of the instructions above quoted, of such stamps of particular descriptions as had accumulated in this Presidency beyond its requirements, and to larger issues to Mysore and Coorg.

7. *Transactions of Collectors.*—The balance in the Collectorate Treasuries at the beginning of the year was Rupees 151,67,396-11-0 which, added to the receipts during the year, made up an aggregate of Rupees 192,38,214-3-0. Sales and issues amounted to Rupees 50,26,140-2-0, leaving at the close of the year a balance of Rupees 142,12,074-1-0 as detailed in the subjoined table—

Items.	Fasli 1284.			Fasli 1285.

NOTE.—The excess of 3 Annas found in the stock is reported to have been found in South Arcot, and is supposed to be attributable to short issues to licensed vendors.

8. Out of the amount of Item No. 4 under sales and issues, Rupees 82-2-0 are stated to represent the value of stamps issued in lieu of those returned by vendors in Fasli 1284; but the Board observe from paragraph 14 of the Superintendent's report for that year, that the difference between the value of stamps returned by vendors and the amount made good to them in stamps and cash was Rupees 84-6-0. The Superintendent is requested to report how the balance, Rupees 2-4-0, has been adjusted.

9. The Board agree with the Superintendent that the value of stamps advanced to the vendor at Rajahmundry under Board's Proceedings, dated 30th June 1875, Miscellaneous No. 5,896, should not have been written off, but have been included in the Collector's stock until the stamps were accounted for; but the Superintendent has committed an error with respect to these stamps in excluding their value from the stamp revenue for the year while including it under issues.

10. The value of stamps, Rupees 6,010, returned to the Superintendent as shown in the above abstract differs slightly from that given in the table of Superintendent's transactions as value of stamps returned from districts; and this difference, Rupees 7-15-0, is stated* to represent the value of embossed stamps returned to the Stamp Office by the Collector of Ganjam under Board's Proceedings, dated 5th April 1876, No. 925. The Board are unable to understand why the amount was not included in the Collector's account under the head of stamps returned to the Superintendent. The Collector is requested to explain.

* Paragraph 6 of Superintendent's report.

11. A sum of Rupees 1,851-14-6 has been written off in Bellary, being the value of stamps embezzled by the Nazir of the Civil Court, as he has absconded and cannot be traced—*Vide* G.O., No. 2,557, dated 4th December 1875.

12. It is satisfactory to note that by a careful adjustment of supplies to probable requirements, and by transfers from one district to another of surplus as it is found to accumulate, the stocks in the districts have been considerably reduced. The aggregate of district balances which at the commencement of Fasli 1281 stood at Rupees 192,57,810 amounted at the end of Fasli 1285 to only Rupees 76,21,215-7-0, exclusive of Rupees 65,90,858-10-0, the value of Court Fee Impressed Stamps put away and soldered in tin-lined cases, their use having been prohibited by the Government of India—*Vide Fort St. George Gazette*, dated 16th March 1875, page 544. The Superintendent rightly observes, with respect to this actual stock, that stamps of higher values which are seldom sold but which have yet to be kept in hand to meet possible demands unavoidably raise the stocks to an extent larger than would appear to be necessary. The Board desire that the Superintendent will in future append a short abstract in the form given below to show the sales during the year and the stock at its close divided between stamps of the value of Rupees 50 and upwards and those of lesser values:—

Districts.	Sales.				Stock.			
	From and above 50 Rupees.		Under 50 Rupees.		From and above 50 Rupees.		Under 50 Rupees.	
	Number of Stamps.	Total value.	Number of Stamps.	Total value.	Number of Stamps.	Total value.	Number of Stamps.	Total value.

Of the balance, Rupees 80,94,026-2-0 represent the value of Court Fees Impressed Stamps put away as mentioned in paragraph 12. The Board observe that notwithstanding the prohibition of the sale of the stamps last mentioned, so long back as March 1875 stamps of the value of Rupees 21 were sold in the Madra District during the year under review. The Collector is requested to report on this point.

In the General Stamp Office.	15,03,167	8	0

14. *Stamp Revenue.*—The Board observe that in the case of district transactions there is no agreement between the returns submitted by the Superintendent of Stamps and the Collectors' Jamabandi Statements as will be seen by the figures shown in the margin. Of the difference of Rupees 503 in the total, Rupees 500 consist apparently of the value of stamps advanced to a vendor at Rajahmundry as mentioned in paragraph 9 above, which, while it was credited by the Collector to receipts in his Jamabandi accounts, has not been so credited in the returns rendered by him to the Superintendent. The remaining Rupees 3 consist persumably of excess gained in rounding fractions in Collectors' Statements. The want of correspondence in the detail is due evidently to a divergence in the arrangement of component items, and the Board are unable to see any reason for this divergence, as the Superintendent's returns, so far as they refer to district transactions, are compiled from those furnished to him by Collectors. An examination of the various items shown under "Miscellaneous" in Jamabandi Statement No. 5 discloses various inconsistencies. These should be avoided in future by strict adherence on the part of Collectors to the same classification in both the Jamabandi statements and the returns rendered to the Superintendent of Stamps; and the latter should communicate to Collectors any transfers he may find it necessary to make.

Receipts of Stamps in the Districts in Fasli 1285 in Rupees.

Items.	As per Stamp Superintendent's returns.	As per Collectors' Jamabandi Statements.	Difference.
Court Fees	31,37,605	31,38,144	+ 539
Non-Judicial	16,21,654	16,25,199	+ 3,545
Total...	47,59,259	47,63,343	+ 4,084
Miscellaneous.			
Duty levied under Sections 20 and 21 of Act XVIII of 1869.	10,402	4,702	— 5,700
Penalties levied on unstamped and insufficiently stamped documents	47,394	48,214	+ 820
Recoveries in Pauper Suits	15,225	14,871	— 354
Other items	1,934	3,587	+ 1,653
Total Miscellaneous ...	74,955	71,374	— 3,581
Grand Total ...	48,34,214	48,34,717	+ 503

15. The arrangement adopted by the Superintendent in his report is itself not so satisfactory as it might be, the two main heads "Court Fees" and "Non-Judicial" not being clearly distinguished. The Board desire that he will hereafter adopt in his report the arrangement indicated in the table appended to the paragraph following, distinguishing the miscellaneous items appertaining severally to these two main heads; using the information now before them, the Board are unable to separate those appertaining to "Court Fees" in detail for the several districts. Collectors will insert a similar table in their Jamabandi reports in future.

16. As the figures are now placed before them, the Board find it useless to endeavour to reconcile the two sets of returns; they base therefore their review of the transactions of the past year on the figures appearing in the Superintendent's report and its accompaniments. The latter are distributed under the several heads as follows :—

V.—*Stamp Revenue.*

Items.	Fasli 1284.	Fasli 1285.	Difference.
	Rs. A. P.	Rs. A. P.	Rs. A. P.

Grand Total ...	49,67,565 5 8	50,22,941 14 0	+ 55,376 9 1

17. It will be seen that the Stamp revenue of the year under review amounted in the aggregate to Rupees 50,22,942 against Rupees 49,67,565 for the previous year. The variations under the several minor heads will be noticed in their order.

18. *Receipts from Court Fees.*—In the sales of Court Fee Stamps there has been a decrease on the whole of Rupees 2,318, resulting from a gross increase of Rupees 89,787 in ten districts (taking the Madras District and the Stamp Superintendent's office together), and a gross decrease of Rupees 92,105 in eleven districts as will be seen from the statement annexed below :—

	1,55,892 3 3	50,32,941 14 9			

The Superintendent of Stamps offers no remarks on these variations, and the reason generally assigned by Collectors in their Jamabandi reports is increase or decrease of litigation. It is only in three districts, viz., Madras, South Arcot, and Godavery, that special causes affecting the revenue under this head have been mentioned. In Madras, the High Court was adjourned twice in the previous year; but the increase in Collector's sales during the year under review, viz., Rupees 26,406, is counterbalanced to the extent of Rupees 10,631 by a decrease in those of the Superintendent of Stamps. The decrease of Rupees 7,568 in South Arcot is ascribed to the fact of the office of the Judge of the Small Cause Court having remained vacant during a part of the year. In Godavery certain suits of exceptional importance were instituted in the previous year, and the absence of such during the year under review accounts for a decrease of Rupees 11,819. The falling off in Tanjore (Rupees 21,289) and the increase in South Canara (Rupees 16,961) are considerable; but the Collectors of those districts assign no special reasons.

19. The fact, as it seems to the Board, is that concurrently with the advance of education and the general progress of the country there is a general tendency towards an increase of litigation. This they believe to be perceptible in all cases where special and local causes have not operated to diminish the sale of Court Fee Stamps.

20. *Revenue from Non-Judicial Stamps.*—In the sales of Non-Judicial Stamps there is an increase of Rupees 61,543 distributed in small sums over all the districts except Madura and Malabar, which exhibit a small decrease each. The districts in which the increase is most conspicuous are Godavery, Bellary, and Madras, the last including sales by the Superintendent of Stamps. The reasons generally assigned are increased activity of trade and monetary transactions, as well as better acquaintance with the law and stricter compliance with its provisions on the part of the public. The only special reason given is the renewal of the Abkari contracts, which necessitated the renewal of a large number of agreements by persons engaged by renters to sell country liquors. This circumstance is noticed by the Collectors of Bellary and South Arcot only, but it applies to all districts alike. On the whole, the Board are disposed to think that the steadily increasing revenue under this head is due chiefly to the last of the general reasons above enumerated. The decrease in Madura and Malabar is small and calls for no remark.

Revenue under the head Non-Judicial.

Do. 1285	17,38,395

21. *Component items of Non-Judicial Stamps.*—A reference to the component items of Non-Judicial Stamps shows that there is an increase in every one except Bills of Exchange, which exhibits a small decline. The Superintendent of Stamps considers that the decrease in the sale of Bills of Exchange Stamps during the year under review may be attributed chiefly to the depression of trade consequent on the depreciation of silver and the high rates of exchange; but looking to the progressive decline therein for the last five years, he also expresses an apprehension that some unknown special cause is at work. The general statistics of Stamp revenue, however, do not bear out these conjectures, and the Board are inclined to think that the diminished sales of this particular description of stamps is due to the more extended use of paper currency for purposes of remittances. It is to be observed that the small decrease in the sales of these stamps is far more than covered by the large increase in Foreign Bill and Revenue Adhesive Stamps, and there can be little doubt that Foreign Bill Stamps have to some extent at least displaced the ordinary Bills of Exchange Stamps in consequence of measures having been adopted to apprise the public that special stamps are available for Foreign Bills of Exchange. As pointed out by the Board in their Proceedings marginally noted, there is nothing in the existing law to compel the use of distinctive stamps for this purpose, and

Dated 4th January 1875, No. 10, in G.O., dated 12th February 1875, No. 227.
Dated 3rd March 1876, No. 608, in G.O., dated 6th April 1876, No. 835.

evidently ordinary Bills of Exchange Stamps were being used until the attention of the public was specially directed to a particular description of stamps.

22. The increase on the whole in the sale of stamps for mercantile transactions and in Non-Judicial Stamps generally confirms the view expressed by the Board in the concluding part of paragraph 20 that the requirements of the law are now being more strictly complied with. The decrease, small though it is, in the item of duty levied on unstamped and insufficiently stamped instruments under Sections 20 and 24 of the General Stamp Act is in consonance with this view. The decrease in the item of stamps impressed by the Superintendent on unstamped documents presented by private parties is more than made up for by the increase in general sales of Non-Judicial Stamps. The other items under the head Miscellaneous require no particular remark.

23. *Charges.*—The charges of the Stamp Department under the various heads amounted in the aggregate to Rupees 2,24,715 against Rupees 3,87,644 in the previous year as shown in the subjoined table. The decrease, viz., Rupees 1,62,929, occurs chiefly under the head "Working charges" and "Refunds of the value of unused and spoiled stamps." The decrease under the head first mentioned arises from the fact that in the previous year very large supplies of both Impressed and Special Adhesive Stamps were received from England, and the charges incurred on that account were consequently exceptionally heavy. On the other hand, the supplies obtained during the year under review were more than ordinarily small, and the difference in this respect alone amounts to Rupees 1,40,125 as shown in the margin. The refunds on account of unused and spoiled stamps are in their nature variable and uncertain. The variations under other heads are fully explained in paragraphs 36 to 39 of the Superintendent's report, and call for no particular remark.

24. *Net Revenue.*—Deducting the charges from the gross receipts, the net revenue for the year was nearly 48 lakhs of Rupees, or about 5 per cent. more than the net revenue of the preceding year which, as stated in the last report, was the highest till then attained. The Stamp revenue for the past ten years is noted in the margin.

25. The receipts and charges divided under the two heads "Judicial" and "Non-Judicial" are compared below with the similar statistics of the previous year:—

Items.	Fasli 1284.	Fasli 1285.	Difference.
Judicial or Court Fees.			
Gross receipts	Rs. 32,34,468	Rs. 32,35,216	Rs. + 748

Total Net Revenue ...	45,79,921	47,98,227	+ 2,18,306

26. The attention of all Collectors is called to the last paragraph of the Superintendent's report, and they are requested to see that their annual returns are forwarded to the Superintendent in future within one month, at the latest, of the close of the fasli. They will also urge upon their Treasury Deputies the necessity of maintainning strict correspondence between the returns rendered to Accountant-General and the Superintendent of Stamps, as also between those two and the Jamabandi statements submitted to the Board.

(A true Copy and Extract.)
