GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

14th May 1877, No. 23 I.

Irrigation.

Account.

Read the following paper:—

No. 44. Memorandum by the Chief Engineer for Irrigation, No. 11 I.

In G.O., No. 3,551, dated 27th December 1876, an estimate, amounting to Rupees 1,590, was sanctioned for repairing an anicut across a jungle stream supplying the Davambody Channel in the Coimbatore District. The Superintending Engineer now forwards a revised estimate for the work showing an excess over the sanction of Rupees 117, and explains that the excess is due—

(1). To irregularities in the surface of the rock between the trial pits which have rendered necessary more masonry than was anticipated in the foundations, and

(2). To the grouting of the apron with "surki mortar" not provided for in the original estimate but now to be carried out in accordance with instructions* contained in the Note of the Chief Engineer for Irrigation printed with the Government Order above noted.

* "The apron should be grouted in with concrete."

The excess cost on these two items amounts to Rupees 205-6-0, but this is reduced by savings on other items of the estimate of Rupees 88-6-0 to Rupees 117.

The revised estimate is recommended for sanction.

Fort St. George,
7th May 1877.

(Signed) G. T. WALCH,
Ag. Dy. Chief Engr. for Irrigation,
for Chief Engineer for Irrigation.

To the Joint Secretary to Government, Pu[illegible] Works Department, Irrigation Branch.

No. 45. Order there[illegible] 1th May 1877, No. 23 I.
