PUBLIC WORKS DEPARTMENT.

Irrigation.

Read the following paper:—

No. 58. From J. F. PRICE, Esq., Acting Collector of Cuddapah, to the Secretary to Government, Public Works Department, dated Camp at Pulivendala, 8th May 1877, No. 1,009.

REFERRING to G.O., Public Works Department, No. 1,160, dated 5th ultimo, I have the honor to report that having consulted the Acting Head Assistant Collector, he is of opinion that the execution of the Cheyair embankments is not, as far as his taluqs are concerned, required as a Famine relief work.

2. I think so too, provided that the present distress does not continue beyond the time expected.

3. It might be advisable, as a precautionary measure, to have the revised estimates prepared and sent in so that they may be ready for sanction if needed.

4. I consider that there is sufficient work in the other parts of the district to obviate my having to move coolies thence to the Cheyair embankments in view to finding them employment.

No. 59. ORDER THEREON, 19th May 1877, No. 30 I.

THE District Engineer will revise the estimates and submit them for sanction in order that the work may be taken up hereafter if found necessary.
