From

The Collector of
Salem

To
The Secretary to the
Board of Revenue
Madras

Sir

I have the honor to enclose
an estimate in two parts marked
A & B for the new road from the
Donald's Choultry to the campully
in the Salem Taluq and to request
that the Board of Revenue will be
good

good enough to return it with their approval and sanction. Part A is an estimate of earth work done and to be done on the road, and Part B shows the stone work to be executed on the same. The road is in progress and Rs X have been spent on it up to last Saturday (12th). It is a useful road and provides work for the distressed people in the neighbourhood. It was put in hand as a Relief work when Relief operations were originally commenced in the District. The culverts and road dams estimated for in B are very necessary to complete the road whose usefulness would be affected if they were not constructed.

I have to
Dy S. J. Longley
Collector

The estimates amounting to Rs 2201
are sanctioned. 32th

2. It is observed that the space left for the entry of the amount expended on the road has not been filled up. The Collector will take due notice of the omission. The amount expended to 19th May was Rs 1565
