GOVERNMENT OF MADRAS.

3265/1

REVENUE DEPARTMENT.

19th November 1877, No. 3,265.

Read the following paper :—

No. 179. Proceedings of the Board of Revenue, dated 17th October 1877, No. 4,756.

Read the following letter from W. S. FOSTER, Esq., President of the Local Fund Boards, Godavery District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 22nd September 1877, No. 85.

WITH reference to the latter part of the Board's Proceedings, dated 3rd ultimo, No. 3,612, I have the honor to inform you that the Local Fund Board of the Cocanada Circle have agreed to pay Rupees 10,000 more for the Junction Canal therein referred to.

SUBMITTED to Government in continuation of Board's Proceedings, dated 3rd August 1877, No. 3,612.

2. The contribution of the Local Fund Board is thus raised to Rupees 39,900, leaving Rupees 89,545 to be made up from Canal and Ferry Funds. The Board do not doubt that this sum can eventually be obtained from this fund. The available balance is Rupees 74,170, and the average annual surplus is Rupees 13,525. An allotment sufficient for this year can be made if wanted. There is at present no provision in the Budget for the work.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Secretary.

No. 180. Proceedings of the Board of Revenue, dated 7th November 1877, No. 4,938.

Read G.O., Revenue Department, dated 4th October 1877, No. 3,078, recording Proceedings of the Board of Revenue submitting Collector's letter regarding the usefulness of the Junction Canal to unite the Cocanada and Coringa Canals and the Penuguduru Salt-pans with them by a lock in the Cholangi river, &c.

COMMUNICATED to the Collector, Godavery.

2. With reference to the Board's Proceedings, No. 4,756, dated 17th October 1877, now before Government, they request that a decision may be come to whether the contribution of the Imperial share is justified in the interest of the salt revenue, and if the work is to be carried into execution, whether any allotments are required in the current year from Imperial or Local and Special Funds. The Board find no provision for the work in the Public Works Department Budget for 1877-78, though in G.O., 17th October 1876, No. 2,776, P.W.D., it was stated that Rs. 40,000 would be entered.

(True Extract.)

(Signed) H. E. STOKES,
Secretary.

The Secretary to Government

No. 181. ORDER THEREON, 19th November 1877, No. 3,265.

Irrigation No. 5.

THE foregoing papers will be communicated to the Public Works Department in continuation of G.O., 4th October 1877, No. 3,078, Revenue Department, for consideration and orders.

2. It appears that the funds available under Special and Local Funds are sufficient to meet the proportion of charges considered to be debitable to those sources.

3. Referring to the question put in G.O., 17th October 1876, No. 2,776, Public Works Department, it has not been possible to obtain any positive information as to "the probable effects on the salt revenue of that part of the scheme which will bring the salt-pans into direct communication with the Cocanada Canal." The Board pointed out in September 1876 that "the special value of the canal to the salt traffic probably cannot well be estimated with any approach to accuracy and demonstrated by figures," and in his letter of 18th May 1877, recorded in G.O., 4th October 1877, No. 3,078, Revenue Department, the Collector is not able to do more than allege general advantages in support of the canal as a salt communication. It is clear that the work is a desirable one if money can be spared from Imperial Funds.

Proceedings recorded in G.O., 27th February 1877, No. 841.
