Sir,—In forwarding copies of the accompanying communications* received by the Madras Government from the Board of Revenue, on the subject of the paddy known in Madagascar as Rojofotsy, I am directed to state that His Grace the Governor in Council would feel much obliged if you will be good enough to cause a supply of the seed of this paddy to be forwarded to my address, for experimental cultivation in this Presidency. Information as to the nature of the plant and the method of cultivating the same will also be acceptable.

2. This Government would, at the same time, be glad to have samples of the higher classes of dry grains, millets, &c., grown in the Island.

I have the honor to be,
Sir,
Your most obedient servant,
