No.193-A. Proceedings of Government, dated 20th November 1877, No. 3,272.

Forest, No. 7.

G.O., 27th April 1874, No. 510.

In April 1874 the Government, on the suggestion of the Officiating Inspector of Forests, subscribed, for three years, for twenty-five copies of "The Indian Forester," a quarterly Magazine of Forestry, published at Calcutta.

The magazine was first published in July 1875; and of the twenty-five copies received, eighteen are sent to the Conservator of Forests for himself and for distribution to officers in his department.

Shortly after the issue of the Order of 27th April 1874 quoted above, the Government of India, in letter,* dated 4th August 1874, No. 849, desired this Government, "on the expiration of their present subscription" to the magazine, to diminish the number of copies taken, as Forest Officers should supply themselves with the same.

* G.O., 11th August 1874, No. 1,014.

As the period of three years, to which the present subscription was restricted, will expire with the last number of Volume 3 to be published in April 1878, the Conservator of Forests is requested to report, with reference to the letter from the Government of India adverted to above in the preceding paragraph, what reduction should thereafter be made in the number of copies of the magazine to be taken for the Forest Department.
