GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

31st May 1877, No. 52 I.

Irrigation.

Read the following paper :—

No. 101. From Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to the Chief Engineer for Irrigation, Public Works Department, dated Cuddapah, 22nd May 1877, No. 473.

IN G.O., No. 1,420, of 25th ultimo, sanctioning the estimate for the Papugnee river embankment above the railway on the right bank it is said that "the work is being carried out by the Public Works Department with the assistance of the Railway Officers." I do not know how this mistake has arisen, as I never had an idea of carrying out the work departmentally: the Collector had asked me to provide him with some work which could be carried out by famine relief coolies, and I proposed the extension of the embankment on the right bank of the Papugnee river, which, as the Consulting Engineer for Railways in his letter No. 43, of 18th January last, published with G.O., No. 370, of 3rd February 1877, states had been aligned to the approval of all concerned. Perhaps the mistake arose from the sentence following, "the work will probably be at once put in hand by the District Engineer."

2. From one cause or another the Revenue Department have hitherto made no commencement on it, but as they have now written to me for work for the relief coolies, I propose transferring this work to them.

No. 102. ORDER THEREON, 31st May 1877, No. 52 I.

RECORDED. It will be left to the District Engineer, in communication with the Collector, to settle by what agency the work is to be carried out.
