The Revenue Department
Proceedings of the Board of Revenue

Dated 16th May 1877

Read the following

1824 R. 15 4596 142

From

A. Wedderburn Esquire

Collector of Coimbatore

To

M. E. Stokes Esquire

Secretary to the

Board of Revenue

Madras

Sir

I have the honor to point out
that during the last official year the
receipts from the jungle conservancy
Funds, including the opening balance
amounted to Rupees 13843 - - against
and estimated revenue of Rupees 18069
and the expenditure amounted to
Rupees

Rupers 1650) and that at present there is a deficit balance of Rs 1658 against the funds.

2. Owing to the distressed nature of the season, the actual collections are low as in the case with all other branches of revenue, but the realization of the uncollected balance is not hopeless. Further all the expenditure has been in the direction of future economy, and is necessary. The famine has occasioned an increased expenditure in deepening wells, as without water the topes would perish and curtail receipts.

3. As any suspension of expenditure on the maintenance of Topes at this time of drought will occasion serious loss in the future, I have the honor

to request that a credit not exceeding Rupers 5000 may be allowed to the funds to tide over the present difficulty which will, I expect, be adjusted in the course of the current year. In the meantime no expense except what is absolutely necessary for the maintenance of existing topes will be incurred.

Coimbatore
Collector's Office
27th April 1877

I have &c
D/ct. Northdale
For Collector

Under the circumstances represented in the foregoing letter, the Board has to support the Collector's proposal on the understanding that arrangements will be made to adjust the amount applied for before the close of the current financial year.
