Revenue Survey Office.

3315  
5th June 1877.

From

The Actg. Superintendent Revenue Survey.

To

The Secretary to Government  
Revenue Department.

SIR,

I have the honour respectfully to suggest that this Department should be placed in a position to supply the Government, if required to do so, with copies of topographical maps of the seat of war in Europe & Asia compiled from the best information. In order to this, it is only requisite that application should be made, through the Secretary of State, for a few copies of the special maps prepared in the Topographical Department of the War Office in London. From any single record copy in this office, reproductions can be made by Photozincography and any number of facsimiles struck off within a few days.

I have the honour to be
