GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT

6th June 1877, No. 1378.

South Indian Railway.

Read the following paper:—

No. 16. From A. J. STUART, Esq., Acting District Magistrate of Tinnevely, to the Officiating Chief Secretary to Government, dated Tinnevely, 17th May 1877, No. 166.

I have the honor to report that the tanks of Mannachi Karisakkulam, Veppankulam, and Sevelkulam, belonging to the temple at Kovilpatti, are reported by the District Engineer to be in a condition dangerous to the South Indian line of Railway, and that the owners do not consent to repair them as required. I propose to issue notices to them under Section 521, Criminal Procedure Code, requiring them either to repair their tanks or to breach them entirely so that they will cease to be a source of danger to the Railway. But before doing so I think it best to submit the matter for any order the Government may be pleased to pass. It is possible the owners might breach their tanks and then try to recover damages, or the Government might not approve of the course of action I propose.

No. 17. ORDER THEREON, 6th June 1877, No. 1378.

The Collector may communicate the Engineer's report to the Agent of the Railway Company, who would consult Counsel as to the propriety of proceeding against the tank owners.

2. Probably, the best course for the Railway Company would be to strengthen and protect their line, and give extra water way.

(True Extract.)

[Signature]
Offg. Chief Secretary.

To the Acting District Magistrate, Tinnevely.
