GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

4th December 1877, No. 3,346.

Read again—

G.O., dated 3rd November 1877, No. 3,192.

Read also the following paper :—

No. 23. Proceedings of the Board of Revenue, dated 21st November 1877, No. 5,043.

Read the following letter from W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Sydapet, 15th November 1877, No. 959 :—

I HAVE the honor to return, duly countersigned by the Superintending Engineer, the plan and estimates that were returned to me with the Board's Miscellaneous Proceedings, No. 15,555, dated the 7th of November 1877. It will be observed that the Superintending Engineer has revised some of the rates in the estimates which he considered too low. I shall feel much obliged, should sanction be given for the erection of the building, if the work could be entrusted to the Public Works Department, which department is already carrying out building operations in close proximity to the site it is proposed the new laboratory shall

H. E. STOKES, Esq., Superintendent Engineer, Chingleput District, dated Sydapet, 9th November 1877, No. 946.

I HAVE the honor to forward the enclosed papers for early disposal, as the building to which they refer is urgently needed. As building operations are now being conducted on the Farm under the agency of your department, it would, I think, in every respect be best that the laboratory should be erected by your agency, and the work is rather too extensive to be undertaken by us.

ENCLOSURE No. 2.

From Colonel P. O'CONNEL, R.E., Superintending Engineer, Chingleput, to W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, dated St. Thomas' Mount, 14th November 1877, No. 3,360.

In returning countersigned the plan and estimate for the chemical laboratory for the Agricultural School at Sydapet received with your letter, No. 946, of 9th November 1877, I

have the honor to point out that the rates entered for some of the items therein are very low; they have, to save delay, been altered in this office in accordance with the rates entered for similar items in the estimate for your quarters now under construction.

(True Copies.)

(Signed) W. R. ROBERTSON, M.R.A.C.,
Superintendent of Govt. Farms.

The papers will be resubmitted for the sanction of Government. The estimate has been raised to Rs. 6,300.

2 Revenue Department, 4th December 1877, No. 3,346.

2. The Board concur in thinking that the work should be entrusted to the Public Works Department.

(True Copies and Extract.)

(Signed) C. A. GALTON,
Sub-Secretary.

To the Secretary to Government Revenue Department

No. 24. ORDER THEREON, 4th December 1877, No. 3,346.

Miscellaneous.

THE estimate for the laboratory building, which originally stood at Rs. 5,843, has, under revision of rates by the Superintending Engineer, been raised to Rs. 6,300. It will be necessary to add 25 per cent. to meet the charge for supervision if the execution of the work is entrusted to the Public Works Department as recommended both by the Superintendent and the Revenue Board. This addition (Rs. 1,575) and that for fittings and apparatus (Rs. 1,350) make the estimated cost of the laboratory Rs. 9,225. The road-making and drainage to complete the approaches will certainly run up the total expenditure to Rs. 10,000.

2. His Grace the Governor in Council thinks this unnecessarily heavy. The character of the proposed building is more costly than is requisite. Brick-arched verandahs with terraced roofs and so high a basement are not needed. Tiled-roof verandahs might be substituted with jungle-wood or palmyra rafters on teak-wood posts, and the basement might be reduced two steps in height. The verandah on the main building may be safely omitted, thus would reduce the cost of the building without affecting its utility.

3. The Superintending Engineer will be requested in the Department of Public Works to revise the estimate accordingly. The work will eventually be carried out under his orders.

(True Extract.)

(Signed) C. G. MASTER,
Secretary to Government.

To the Board of Revenue.
the Public Works Department, with plan and estimate.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 21st November 1877.

Read the following letter from W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Sydapet, 15th November 1877, No. 959:—

I HAVE the honor to return, duly countersigned by the Superintending Engineer, the plan and estimates that were returned to me with the Board's Miscellaneous Proceedings, No. 15,555, dated the 7th of November 1877. It will be observed that the Superintending Engineer has revised some of the rates in the estimates which he considered too low. I shall feel much obliged should sanction be given for the erection of the building if the work could be entrusted to the Public Works Department, which department is already carrying out building operations in close proximity to the site it is proposed the new Laboratory shall occupy.

ENCLOSURE No. 1.

From W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, to Colonel P. O'CONNELL, R.E., Superintending Engineer, Chingleput District, dated Sydapet, 9th November 1877, No. 946.

I HAVE the honor to forward the enclosed papers for early disposal, as the building to which they refer is urgently needed. As building operations are now being conducted on the Farm under the agency of your department it would, I think, in every respect be best that the Laboratory should be erected by your agency, and the work is rather too extensive to be undertaken by us.

ENCLOSURE No. 2.

From Colonel P. O'CONNELL, R.E., Supt. Engineer, Chingleput, to W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, dated St. Thomas' Mount, 14th November 1877, No. 3,360.

In returning I enclose the plan and estimate for the Chemical Laboratory for the Agricultural School at Sydapet received with your letter, No. 946, of 9th November 1877, I

have the honor to point out that the rates entered for some of the items therein are very low, they have to save delay been altered in this office in accordance with the rates entered for similar items in the estimate for your Quarter now under construction.

(True Copies.)

(Signed) W. R. ROBERTSON, M.R.A.C.,
Superintendent Govt. Farms.

THE papers will be resubmitted for the sanction of Government. The estimate has been raised to Rupees 6,300.

2. The Board concur in thinking that the work should be entrusted to the Public Works Department.

(True Copies and Extract.)

(Signed) A. GALTON,
Sub-Secretary.

To the Secretary to Government, Revenue Department,
with plan and estimate to be returned, and copy of correspondence.
Copy to the Superintendent of Government Farms.

Proceedings of the Madras Government
Under date the 4. December 1877

Read again G.O. dated
3rd November 1877 No. 3192.

Read also the following
Proc. of the Board of Revenue,
dated 21st November 1877 No. 5043
re-submitting for sanction plan
and estimate of Rs. 5843 for the
erection of Chemical Laboratory,
Govt. tank, Hyderabad.

M.D.
3/12

The estimate for
the laboratory building
which originally stood
at Rs. 5843 has, under
revision

provision of rates by the
Superintending Engineer,
been raised to Rs 6,300/-
will be necessary to add
25 per cent to meet the
charge for supervision
if the execution of the
work is entrusted to the
Public Works Department
as recommended both
by the Superintendent
and the Revenue Board.
This addition /Rs 1575/-
and that for fittings and
apparatus /Rs 1350/- make
the estimated cost of the
laboratory

laboratory Rs 9,225. The
road-making and drain-
age to complete the ap-
proaches will certainly
run up the total ex-
penditure to Rs 10,000.

2. His Grace the Governor
in Council thinks the
unnecessarily heavy. The
character of the proposed
building is more costly
than is requisite. Brick-
arched verandahs with
terraced roofs and so high
a basement are not needed.
Tiled-roof verandahs might
be substituted with jungle
wood

wood or ~~palmyra~~ rafters
on teak-wood posts, and
the basement might be
raised two steps in height.
The parapet on the main
building may be safely
omitted. These alterations
would ~~would~~ reduce the
cost of the building without
affecting its utility.

3. The Superintending
Engineer will be requested
in the Dept. Public Works
to revise the estimate ac-
cordingly. The work will
essentially be carried out
under his orders.
