Financial Department.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the

Asst. Apothecary B. P. S. submitted through
the Surgeon General S. M. D. under endorsement
N. 300 of 16th May 1877.

I beg to report for your information,
that I proceeded to the Relief Works on the
evening of the 8th instant and inspected the
caches. There were present at my visit,

80 Men

78 Women, and

23 Children.

Out of this number I picked out 20 men
12 Women and 4 Children, who have become
greatly emaciated, and whose condition ap-
pears to have deteriorated since my last
visit. I could have selected a larger number
of this wretched-looking people but I purpose
by avoiding doing so, confining my observation
strictly to those in whom emaciation was
clearly pronounced.

As the caches are at a distance of 4
miles from the town, I cannot conveniently
have them weighed, and am therefore unable
to arrive at accurate conclusions as to
their

their physical state, but the general
impression in my mind is that they are
falling off in condition.
