Irrigation.

Account.

Read the following paper :—

No. 5. Endorsement of the Chief Engineer for Irrigation, dated Fort St. George, 28th May 1877, No. 36 I.

From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery District, to the Chief Engineer for Irrigation, dated Dowlaishweram, 28th April 1877, No. 289.

I HAVE the honor to bring to your notice that in July 1875 I sanctioned an estimate, amounting to Rupees 900, for providing shutters and screw gearing to the Covoor Lock weir on the Cocanada Canal, Eastern Delta, and provided funds from the Agricultural Repair Grant under the sub-head "Extensions and Improvements" according to the rules then in force.

One Estimate.

2. The Officer in charge of the Eastern Delta Division now requests an appropriation of funds, in order to adjust the Workshop bill received for the work done.

3. As the head "Extensions and Improvements" is now treated as original works and so classed in Budgets from 1876-77, I request you will be good enough to obtain the sanction of Government to the estimate herein enclosed, funds for which may be appropriated from the district grant for "extensions and improvements."

SUBMITTED to Government.

2. The delay in carrying out the work and adjusting the charge has been great.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.
