Irrigation.
Account.

Read the following papers :—

No. 25. From Major H. R. MEAD, R.E., District Engineer, South Arcot, to the Chief Engineer for Irrigation, dated Cuddalore, 21st May 1877, No. 42.

With reference to G.O., No. 13 I, dated 5th instant, sanctioning the estimate for the Pooniar embankment in the limits of Pythambady, I have the honor to observe that the estimate is sanctioned under Original Works, River Embankments.

2. In the preliminary issue of the current year's Budget, there is no provision made under this head, and I take the opportunity to bring to your notice that outlay incurred in the previous years on similar embankments of the Pooniar was all charged to Repairs.

3. As, however, the present estimate is sanctioned under Original Works, I have the honor to request the transfer of Rupees 338 to River Embankment from the Budget grant of Rupees 500 under River Conservancy, Original Works, in order that the required appropriation may be made, unless the head under which the estimate has been sanctioned be changed to Repairs, in which case no transfer will be required.

No. 25-A. From the same Officer, dated Cuddalore, 1st June 1877, No. 57.

Your No. 16 S A of 30th May 1877. In reply to the above memorandum asking whether the Pythambady embankment was entirely new or a repair of an old bank, I have the honor to report that there was an old bank (probably originally thrown up by the villagers), but that it had been for years out of repair and neglected; after the flood of 1874 there was little or nothing of it left.

No. 26. Order thereon, 8th June 1877, No. 66 I.

The following correction will be made in the sanction No. 38 I of 1877-78 given in G.O. No. 13 I of the 5th May 1877 :—
