General Dy Collector's Office
Naidupett 12th May 1877
N^o 365

From, The Acting Deputy Collector
on l^y duty in ch: of Naidupett
Dy

To J. Grace Esquire
Collector of Nellore

Sir, In continuation of my letter
dated 10th Instant N^o 316, I
beg to submit herewith an abstract
of an estimate framed for the
repairs of Sunamala Tank in the
the Polloor Div.

2. From the abstract it will be
seen that a sum of Rupees 2237-
6-11 is now estimated to cost for
putting the tank in thorough repair
inclusive of Sunday wages &c, &c,
that out of which Rupees 808 have
been spent already by the Rajah

officials on 6801 cubic yards
of earth work at Rupees 0-1-11
per cubic yard; that, recently
under the superintendence of
Government officials an outlay
of a sum of Rupees 846-4-11
was incurred in executing
7032 cubic yards, inclusive
of the wages of the rest days
and children's 3 pies allowance,
at Rupees 0-1-11 per cubic yard
and that 4680 cubic yards
of earth work more is to be
executed at a cost of Rupees
583-2-0 at 0-2-0 per
cubic yard. The rate of work
executed under the superintendence
of Government officials is equal
to

to that executed under the
management of the Rajah's
officials even after including
rest day wages $\frac{1}{2}$ anna. For the
work executed under the latter's
agency neither rest day wages
nor children's 3 pies allowance
was paid.

3. I request that you will be
pleased to sanction now a sum
of Rupees 1129-6-11 for the
repairs of the tank in question.
Of this sum, Rupees 846-4-11
have been already spent and
Rupees 583-2-0 are to be spent.

The District Engineer of
Belga

To

The collector of Belga.

Sir,

I have the honor to return
the estimate received with
your letter no 2328 of 15th Inst.
If the measurements are correct,
the rates at which the work is
executed are under the circumstances
very moderate.
