Bdly Rem 6087 N^o 3

To
J. J. Price Esquire
Collector of Landdaph

Sir

In accordance to your official

Memo N^o 1093 dated 14th May 1877, I

Badwail 2132

Porumamilla 2694

proceeded to Badwail & Porumamilla
and examined the Government Reserve
Grain as noted in the margin and beg
to report as follows

1st. At Badwail Salug Cut cherry

I found three bags of rice destroyed
by white ants, the grain musty and
unsuitable for consumption also 7 sacks
all damaged by insects and one
bag

bag of very small broken rice almost
powdered all the other bags are in
good condition and of different descriptions
pretty free from insects. The bags
in the record room are all cramed
up to the ceiling with no ventilation
whatever the ground flooring of the
berandah is very low and liable to
damp from rain beating on the mat
covering.

2 At Porumamilla I found
4 bags saturated by water from the
late heavy rains partly damaged
which was at once removed from the
good grain into fresh bags, 4 bags
were partly damaged by the mud
flooring and 1 by insects the remainder

410

are in good condition and of different
sorts free from insects.

3 This godown has mud flooring
and requires Jarpanins or coarse stone
slabs to keep the bags from off the
ground and the bags should be
properly arranged to admit ventilation
at present they are bitterly cramed
and the heat within is unbearable.

4 The total number of bags at
Badwail damaged are 11 eleven and
at Porumamilla 12 Twelve numbering
23 altogether.

In conclusion, I beg respectfully
to state that I leave Badwail
tomorrow for Cuddapah
